COL. LINDBERGH ENDS HIS VISIT WITH FIANCEE

"Lone Eagle" Hops
From Mexico City
For U. S.

EASTER WEDDING

Quits War-torn Country
To Inspect Air
Routes.

MEXICO CITY, Mar. 14.—
(INS)—Colonel Charles A. Lin-
dbergh brought an end to his
visit with his fiancée, Miss
Anne Spencer Morrow, at 8:30
o'clock today when he hopped
off from Valbuena flying field
for the United States.

Destination Not Divulged.
His route and destination were not
divulged. It was believed at the
field, however, that he may fly by
way of Brownsville, Tex., possibly
making a stop there.

With his departure this morning
Colonel Lindbergh brought to a close
a prolonged visit to Ambassador
Dwight W. Morrow and his family
which has been eventful, even for
Lindbergh.

It was here, nearly three weeks ago,
that Lindbergh experienced his first
flying crash in a number of years,
and suffered the first injury he has
sustained while flying since he came
into public prominence by flying the
Atlantic. The crash occurred at the
conclusion of a flight with Miss Mor-
row.

Plans are Secret.
It had been persistently reported
that Lindbergh and Miss Morrow
would be married during his visit
here, but it was more authoritatively
stated a few days ago that the wed-
ding will take place during the Easter
holidays.

The Lone Eagle made no announce-
ment of his plans before leaving. As
usual, he maintained a taciturn mein
while critically inspecting his plane
before the take-off.

In leaving war-torn Mexico behind,
it is presumed that he plans to con-
tinue his tour of inspection of air
routes and airports in the western
portion of the United States. He in-
terrupted this tour three weeks ago
when he hopped unexpectedly from
Eagle Pass, Tex., to Mexico City.

Why the Barber?
The Bootleg Hearse.
Worship, a Necessity.
G. M. Buys Opel.

By ARTHUR BRISBANE.

(Copyright, 1929, by King Features Syndi-
cate, Inc.)

THE Rev. Mr. Palmer, Unitarian,
of Lynn, Mass., reaches the front
page by saying that Herbert
Hoover, kissing the Bible on a care-
fully selected text at his inauguration,
had "attempted to connect Bible idola-
try with prohibition enforcement."

THE good and reverend gentlemen
even drag into his criticism of Presi-
dent Hoover "an ignorant itinerant
barber about to be electrocuted for
the murder of a girl."

President Hoover probably will ask
"Why drag in the barber?" and pass
on.

He will thank the reverend gentle-
man for reminding him that, no mat-
ter what you do, you will be criti-
cized.

TO MR. RING LARDNER'S state-
ment, "You can bootleg liquor
anywhere, except in the five and
ten cent stores," you may add that you
can find bootleg liquor almost any-
where, in flying machines, prisons, au-
tomobiles, even in submarines and
baby carriages. Many conveyances
are used for transporting it.

BOOTLEGGERS in South Philadel-
phia stole a hearse from a hospital
yard, intending to give their whisky
a respectful, mournful ride to its des-
tination in a large coffin. To their hor-
ror, after they had stolen the hearse
at night, they found in the morning
that it contained the body of Cath-
erine Mashinsky, four months old, and
abandoned the hearse as "unlucky."

LENIN, long dead, smiling and still
life-like, thanks to skillful em-
balming, lies in his "shrine" out-
side the Moscow Kremlin.

Thousands of communists pass,
gazing in reverent awe almost wor-
shipping the corpse of their leader.

BELIEVING, as Lenin did, that they
have no belief in God, their attitude
at the Lenin shrine proves that even
those that try not to believe must
have something to worship.

As Voltaire said, "If there were no
god, it would be necessary to invent
one."

IMPRESSIVE figures prove that the
radio has come to stay with a ven-
geance. During 1928 retail sales of
radio apparatus totaled \$70,877,517.

BUY BONDS NOW, MELLON ADVISES

WASHINGTON, March 14.—An-
drew W. Mellon gave the Ameri-
can investing public some advice
today.

"Because of the comparatively
low price of bonds, due to interest
rates remaining relatively high,
now is the time for prudent in-
vestors to buy bonds," said the
secretary of the treasury.

"Some stocks are good invest-
ments, but the quotations on oth-
ers are too high. These good
stocks are all right, but bonds are
better at the present time for the
average investor."

The Mellon pronouncement oc-
casioned considerable surprise
here, for very rarely does a sec-
retary of the treasury volunteer
such advice to the investing public
in such an off-hand way, particu-
larly during market hours. The
secretary's remarks were made to
newspaper correspondents during
a press interview.

CALLES TROOPS TO HIT REBELS ON FOUR SIDES

Concerted Attack Will
Be Made Along Tor-
reon Front.

BATTLE IS NEAR
Upwards of 25,000
Federals Massed
For Attack.

MEXICO CITY, March 14.—A con-
certed four-sided federal attack upon
General Jose Gonzalo Escobar's rebel
troops massed in defense on the Tor-
reon front near the Durango-Coahuila
border was expected today.

Secretary of War Plutarco Calles
plans call for simultaneous offensives
upon the rebels from the northeast,
east, southwest and south.

The rebels have concentrated for
the expected attack. Unless the rebels
retreat into the state of Chihuahua,
as it was reported here they plan
to do, a decisive battle which will
probably decide the outcome of
the revolution may result.

Upwards of 25,000 federal troops
will participate in the combined at-
tacks. Estimates of the strength of
the rebels vary from 2,000 to more
than 12,000.

Almazan Sweeps Northward.
General Andres Almazan,
whose forces occupied Saltillo yester-
day, is sweeping up northward at the
head of 6,000 troops. He intends to
veer to the southwest in order to at-
tack the rebels from the rear and cut
off a possible retreat.

General Saturnino Cedillo is moving
westward with four thousand troops.
According to reports received here
from Hipolito, General Cedillo cap-
tured between three and four thou-
sand rebels who were retreating from
Saltillo. This report was not con-
firmed by the government spokesman.

General Lazaro Cardenas is advancing
from the south through Zacatecas.
His force totals 6,000 men.

The vanguard of General Calles'
main body of federal troops is ap-
proaching Durango under the com-
mand of General Manuel Medina Yef-
ta. This column expects to drive the
rebels from the city and continue
northeast against General Escobar's
defenses on the Torreon front.

General Calles has established his
headquarters at Frio, Zacatecas, a
small town on the branch line of the
Mexican Central railway, about half
way between Canitas and the city of
Durango.

Federal commanders reported that
about 50 rebels were killed or wound-
ed in skirmishes at the various points of
contact of the opposing forces.

General Jaime Carrillo is still hold-
ing the port of Mazatlan in Sinaloa
despite the ever-present threat of Gen-
eral Roberto Cruz's rebel force of 5,000
men.

LIQUOR WORTH \$10,000 SEIZED

BRYAN, O., March 15.—Liquor val-
ued at \$10,000 was seized by police
officers here early today when they
came upon a truck mired in a ditch.

Thomas Barnhart, alleged driver of
the truck, was held. Officers believe
the liquor was consigned for Fort
Wayne agents, members of a middle
west illicit liquor ring.

27 MINERS DIE IN CAGE CRASH

MOSCOW, March 14.—Twenty-seven
miners were killed today when a car-
rier cage collapsed in the Maria mine
at Arkomovsk in the Don Basin min-
ing district.

The cause of the collapse is being
investigated. All the victims were
dead when rescuers reached them.

HOOVER OPENS \$20,000 TAX REFUND LISTS

President's Action Taken
At Suggestion of
Mellon.

ORDER IS ISSUED

Democrats and Insur-
gents Failed in Fight
For Reform.

BY GEORGE R. HOLMES.
(U. S. Staff Correspondent.)
WASHINGTON, March 14.—Presi-
dent Hoover today ordered that all
future tax refunds from the treasury
in excess of \$20,000 be thrown open
to the public inspection.

Thus, by a stroke of his pen, Mr.
Hoover accomplished that which a
coalition of Democrats and Insur-
gents in congress have unsuccess-
fully fought for in recent sessions
of congress.

White House Announcement.
The announcement from the White
House stated that the president's ac-
tion was taken at the suggestion of
Secretary of the Treasury Mellon,
who has heretofore been accounted
an opponent of publicity for these re-
funds, and who because of that atti-
tude has been an incessant target for
congressional sharpshooters in recent
sessions.

The reform was accomplished by
means of an executive order, which
specifically directed that the public
be permitted to know the reasons for
"any refund, credit, or abatement of
income, or profits, excess profits, es-
tate, or gift taxes" in excess of the
arbitrary figure of \$20,000.

Mellon's Recommendation.
In proposing the reform, Secretary
Mellon wrote the president:

"The congress adopted as an amend-
ment to the first deficiency appropria-
tion act a provision which, as a mat-
ter of legal interpretation, would re-
quire no material change in the pro-
cedure or practices of the bureau of
internal revenue. However, on the
assumption that this provision re-
flects an unexpressed congressional
policy, and in order that the public
generally may know that there is
nothing which the treasury desires to
hide . . . I am recommending your
approval of the proposal submitted."

300 MAROONED IN BLIZZARD

GORDON, Neb., Mar. 4.—Three
hundred ranchers, who went out to
search for 6-year-old William Reeves,
trapped in a blinding blizzard on the
plains of northwestern Nebraska,
near here, were themselves marooned
by the storm today.

Full efforts have been made to
get food to them. Trucks which
started through last night to the
Reeves ranch, were blocked by six-
foot drifts.

Attempts to get into communica-
tion with the second party were un-
successful.

DOUGHTY HOME ROBBED OF \$50

O. D. Doughty, 1543 Globe street, re-
ported to Patrolman George Kidder
last night that his home had been en-
tered between 8 and 9 o'clock last
Monday night and \$50 stolen. The
robbery occurred while members of
the family were absent from the
house, he said.

MISS POLK WILL WED IN EAST

NEW YORK, Mar. 14.—Miss Louise
N. Polk, 22, an actress, of 11 West
46 street, the daughter of Mrs. Louise
W. Polk of East Liverpool O., where
she was born, and Conway Miller, 42,
an electrician, of Bayside Park, Bay-
side, Long Island, obtained a license
to wed here today. The couple an-
nounced they would be married to-
day by the city clerk. Mr. Miller was
born in this city, the son of Fred and
Mamie Conway Miller.

ORMOND BEACH, Fla., March
14.—John D. Rockefeller, once the
wealthiest man in the world, told
this reporter today in an exclu-
sive interview that he feels as
young as he did ten years ago and
that, at the age of 89, he is get-
ting as much happiness out of life
as he ever did.

"My health is good," said Mr.

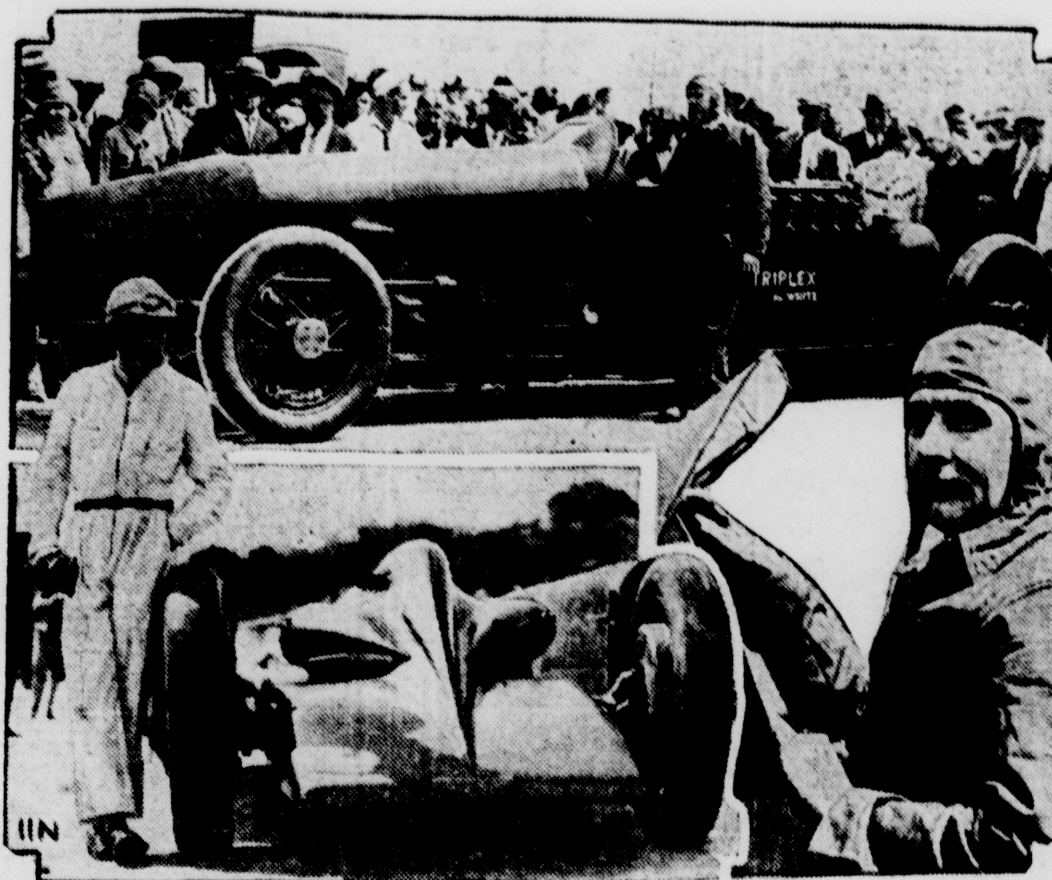

Rockefeller. "My heart is all
right, it gives me no trouble. I
live moderately and I chew my
food thoroughly."

"I have many friends. I have
learned how to enjoy life, and I am
happy. I thank God for the
blessings He has bestowed upon
me. Sometimes I think we are
ashamed to openly acknowledge
His goodness."

Loves Everybody.
"I am getting a great deal out
of life. I love everybody, and I
haven't an enemy in the world
that I know of. I have all the
blessings any person could ask."

SPEED CAR ORDERED SOLD AFTER FATAL CRASH

Major H. O. D. Segrave, of England, lower left, raised the ante on the worlds auto speed record from 207.5 to 231.2 miles an hour. His "Golden Arrow" flashed over the marked course almost four miles a minute. J. M. White, lower right, American sportsman, owner of "Triplex," top, which set the former record when driven by Ray Keech, today ordered the car sold as a result of the tragic climax of the international speed tests. The widow of Lee Bible, who was killed yesterday, will receive the proceeds.

Streets Crowded As Fashion Expo Opens

Chic Styles in Women's, Men's and Children's
Wear as Well as Household Fur-
nishings and Jewelry Shown.

Notwithstanding adverse weather
conditions, hundreds thronged the
downtown streets last night to wit-
ness the chic styles as shades were
raised on store windows, marking the
opening of the three-day exposition
of fashions.

The windows, decorated with the
latest creations for spring and sum-
mer wear, were bowers of beauty.
One women's store, in which living
models displayed what's what for this
season, was stormed by crowds.

Merchants were prepared to handle
record-breaking crowds today, to-
morrow and Saturday. Thousands of
shoppers from out-of-town are ex-
pected to visit here. Fares will be
refunded, while free parking service
will be provided.

Tan is Popular Color.
All lines of merchandise, including
men's, women's and children's ready-
to-wear clothing, millinery, shoes,
cosmetics, jewelry, furs, sporting
goods, household utensils, confections,
electrical supplies, furniture, automo-
bile accessories, office supplies and
farm implements are being featured
in the three-day exhibit.

The women's stores displayed many
trendy ensemble suits. Black and white
predominate.

Tan is the leading color, mainly
because the tan costumes blends with
the pastel-shade hats and shoes.

'CLEANUP DRIVE' HITS BROADWAY

NEW YORK, March 14.—While
dry agents were applying the
Jones law to Broadway with six
raids and 14 arrests early today,
padlock proceedings against 20
night clubs in New York City and
ten more in Westchester county
were announced by Assistant Uni-
ted States Attorney General Max-

It is expected that the "cleanup
drive" in the white light district
will be extended to Rm Row in a
few days when a new fleet of
cutters will be put into service.

BARBERS ASK SCALE RENEWAL

Union Members Vote
Approval of One-
Year Pact.

Barber shop owners will be asked
to renew for one year an agreement
under which journeymen barbers have
been working since May 1, 1926. It
was announced today by George Han-
denschilt, secretary-treasurer of Local
Union No. 242, Journeymen Barbers'
International Union of America. The
old pact expires April 30.

The agreement makes no change in
the shop prices, hair cutting remain-
ing at 50 cents, shingle bobs at 75
cents and shaves at 25 cents. The
scale for journeymen barbers will be
\$25 a week and 60 per cent of receipts
over \$35.

Shops will open at 8 a. m. and close
at 6 p. m. except Saturday when the
closing hours will be 3 p. m. Thurs-
day afternoon will be observed as a
half holiday by barbers and their em-
ployees.

SPEED TESTS ARE CLOSED AS TWO MEN DIE

Tragedy Marks Death-
Defying Races in
Florida.

Major Segrave's Record
Stands as American
Is Killed.

DAYTONA BEACH, Fla., Mar. 14.—
The tragic climax of the interna-
tional speed tests, which resulted in
death to Lee Bible, racing driver, and
Charles Traub, a cameraman, today
plunged officials of Daytona beach
into deepest gloom and brought this
year's death-defying races to an
abrupt close.

Bible, a mechanic in a Daytona
Beach garage, was killed yesterday
afternoon, while thundering down the
nine-mile ocean speedway in "The
Triplex," the seven-ton American car
he was driving in an attempt to shat-
ter the world's automobile speed re-
cord set Monday at 231.36 miles an
hour by Major H. O. D. Segrave of
England. Bible's powerful machine
skidded on a wet spot on the beach
course, swerved violently, leaped in-
to the air, struck a sand dune and
rolled back onto the beach. He was
traveling at a speed of 202 miles an
hour at the time of the accident.

Cameraman is Mangled.

Traub, standing at the edge of the
course taking a picture, was struck
before he could leave his tracks. His
body was cut in two. Practically
every bone in Bible's body was bro-
ken. Both were instantly killed. The
ponderous, 35-cylinder "Triplex"
struck the cameraman squarely,
cleaving his body, which spurted full
500 feet into the air.

In a split second, the big car leaped
from the beach, hit the sand dunes,
showering the air with sand and
smoke, and then toppled back onto
the beach with Bible's body beneath.
Pandemonium broke loose among the

MANY INJURED AS STORM HITS LIBERTY, S. C.

Numerous Houses are
Blown Away by
Twister.

WIRES ARE DOWN

Two Families Wiped
Out When Homes
Collapse.

LIBERTY, S. C., Mar. 14.—
(INS)—Nine dead, more than
12 seriously injured, several not
expected to live, and property
damage estimated at \$50,000
was the toll today of a tornado
which dipped down over a little
community near here last night.

D. N. Garrett, a deputy sheriff, his
wife and two sons, J. C. Garrett, 18,
and Edward, 9, and a daughter, Ber-
tie, 11, were crushed to death when
their home collapsed.

Nearby, the home of another Gar-
rett family crumbled and killed Mrs.
Tillman Garrett, and three daughters,
all in their teens.

The damage was centered in a nar-
row radius.

Storm Disables Communication.
COLUMBIA, S. C., Mar. 14.—Sev-
eral persons are reported to have
been killed by a tornado in Dickens
county, S. C., last night according to
reports reaching here early today.
The storm disabled wire communica-
tion in the stricken sector making
confirmation impossible.

SALVATION ARMY TO HONOR AIDE

Farewell meeting for Mr. and Mrs.
Harry B. L. Bennett and son, Thomas,
who will leave here soon to enter Sal-
vation Army work, will be held in the
Third street citadel Sunday. The ser-
vice hours will be 19:30 a. m., 3, 5:45
and 7:30 p. m.

A farewell service for Mr. and Mrs.
Bennett will be held at the Mulberry
street outpost at 7:30 o'clock tonight.
Mr. and Mrs. William Trevelan and
Mr. and Mrs. Sherman Adrian will
have charge.

Bennett has been in charge of the
young people's work at the Salvation
Army here for several years, holding
the rank of young people's sergeant-
major.

Mrs. Myrtle Hutchinson will have
charge of the young people's work
here after the Bennetts leave the city.

MRS. MINNER, 87, LEETONIA, DIES

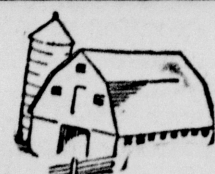

LEETONIA, O., March 14.—Mrs.
Elizabeth Minner, 87, died of a para-
lytic stroke last night in the home of
her niece, Mrs. William Van Horn, Som-
er street.

Mrs. Minner, who was born in Unity,
had lived in Leetonia for more than
50 years. She was a member of the
Methodist church and Women's Relief
Corps of the A. R.

Funeral services will be held at 2:30
Saturday afternoon in the Methodist
church, in charge of the Rev. C. L.
Cope. Burial will be made in Oakdale
cemetery.

Revised Budget Bill Goes to Legislature

Appropriations of \$22,371,122 for Various Institutions of State are Listed.

CHESTER, W. Va., Mar. 14—Revised budget bill calling for appropriations of \$22,371,122 for the next two years was presented yesterday to the legislature at Charleston. The figures represent a net increase of \$550,000 over the bill presented at the opening of the session.

As originally drafted by the budget

commission of which Governor Gore was chairman, the appropriation measure provided specific expenditures of \$17,925,482, but contained authorization for various departments and institutions to supplement their appropriations with revenues and fees they collected. The bill, as revised by the commission, of which Governor Conley is chairman, brought those blanket appropriations into specific provisions of the bill. The commission placed those additional appropriations, made indirectly in the first bill at \$1,910,470 for 1929 and \$1,985,170 for 1931.

Many Changes Made. An entirely new appropriation

measure was drafted by the new budget commission, which made many changes both upward and downward in the various items in addition to complying with provisions of the specific appropriation bill.

Principal changes included a boost from \$1,000,000 to \$1,250,000 yearly in the state aid school fund and a reduction of \$139,500 yearly in the administrative expenses of the state road commission.

Dissatisfaction expressed by Dr. John Roscoe Turner, president of West Virginia university, to provisions made in the previous bill for the proposed graduate school and university library failed to obtain increased recommendations in the revised bill. Previous appropriations for the university building program remained unchanged and a reduction of from \$245,000 to \$225,000 was made in the item for current general expenses for 1931, making that item the same for both years. Other university items were unchanged.

Students to Attend Contest. Delegation of high school students will attend the county oratorical contest tomorrow night at New Cumberland. Winner will compete in the

RIVER RISING HERE, NO FLOOD IS EXPECTED

Rain Causes Increase In Stage at Dam No. 8.

LIBERTY DELAYED

Allegheny River Dam Work to Start in May.

As a result of rain, the Ohio river was rising today two-tenths of a foot an hour after receding to 12 feet. The stage at Dam No. 8 at noon was 13.5 feet. A flood stage is not expected. The steamer Liberty will arrive here from Pittsburgh this afternoon. Fog delayed the boat last night.

The J. S. Douglas passed here yesterday afternoon for Weirton, W. Va., where it will pick up a tow for Mississippi ports.

Plans for Lock Approved. The construction of lock dam No. 8, Allegheny river, the last of the existing project will be started early in May, according to Colonel Jarvis J. Bain, Pittsburgh district. Plans and specifications for this structure were approved by the chief of engineers, General Edgar Jadin.

This lock and dam will be located below Templeton, 53 1/2 miles above Pittsburgh, and when completed will permit slackwater navigation to Huntington, a distance of 61 miles above Pittsburgh. The lock will be of the regulation size, 56x350, and will have a lift of 15 feet, while the dam proper will have a length of 984 feet. It is expected to ask bids about March 25 for the construction of the lock and dam, which will be opened 30 days later.

Progress at Deadmans. Colonel Bain stated that excellent progress is being made in dredging a channel at Deadmans Island, Ohio river, all previous records being broken Tuesday when 8,710 cubic yards were removed in a single day.

The Dravo Contracting completed the construction of two floating caissons for the Whiting, Turner Construction Company of Baltimore. These will be towed down the Ohio river to the mouth of the Tennessee river, from where they will be taken to a point 80 miles above the mouth and used in the construction of a bridge across that stream.

The Dravo concern, which was low bidder for the building of the substructure of a bridge for the Pennsylvania railroad at Gadsden, O., now is building the caissons to be used in the construction of the piers. Four sand and gravel barges which are completed on the ways are awaiting a favorable stage of water to permit being launched.

Wants Bids for Barges. It is understood that the Island Creek Coal Company, of Huntington, rejected all bids for the construction of a fleet of 16 coal carrying barges, opened March 1. The designs for the barges, each to be 200x26x11, have been modified and bids are again asked for their construction.

Carl J. Baer, president of the Standard Unit Navigation Company of St. Louis, was in Pittsburgh in the in-

zone contest Monday night in Steubenville, O.

CALL CREDITORS' MEET AT WHEELING

Creditors of the Freeman Fire Brick company of New Cumberland, will hold their first meeting in bankruptcy court at Wheeling, Tuesday, March 6, it was announced today by Referee Russell G. Nesbitt. The company filed a voluntary petition in bankruptcy last week, the action having been authorized by the board of directors, and H. F. Banfield, the president, signed the petition.

The schedule carries liabilities aggregating \$70,229.83, and assets totaling \$82,650.84 are listed.

An adjudication in the case was received yesterday from the office of Judge William E. Baker at Elkins, and the case has been duly listed on the docket of Referee Nesbitt's court.

JUNIORS STAGE COMEDY FRIDAY

Junior class of the Chester high school will present the three-act comedy, "Apple Blossom Time," tomorrow night at 8:15 in the city hall auditorium. Matinee will be given at 4 o'clock in the afternoon for school children. Music will be in charge of the high school orchestra.

INSTALL TRADE OFFICERS TONIGHT

The following officers and directors will be installed tonight at the meeting of the Board of Trade in city hall: President, R. A. Douglas; vice-president, E. V. Welner; directors, J. L. Mayhew, C. MacDonald, A. Earl Wilson, J. N. Finley, Joseph Davis, Robert R. Hobbs, C. A. Smith, F. S. Huff, sr., W. W. Ingram and John E. Newell.

Secretary and treasurer will be named by the directors.

Divorce Case Hearings. Number of divorce actions were heard yesterday before Judge J. Harold Brennan in circuit court at New Cumberland. Today's session was given over to examining a class for citizenship.

Rev. L. A. Britton.

The Rev. L. A. Britton, who is conducting a revival in the First Church of Christ, will speak tonight on "The Consequences of An Abused Stewardship." Last night his topic was "God's Best Redemptive Plan."

The meetings, which are being largely attended, will continue until Easter Sunday.

terest of the Sunco Barge Line, which operates out of the Evansville district. His company has under consideration the construction of a self-propelled cargo barge with a multiple screw drive similar to the experimental drive used on the steamer Chester which was built for service on the Missouri river. This barge is to be 245 feet long and 42 feet wide and will have a loaded draft of six feet and six inches. Diesel engines will be used to operate the propellers. Additional barges will be constructed to meet the growing demand of the trade, it was stated.

Captain Charles T. Flesher, 56, of Huntington, who died in Louisville, was buried yesterday. He formerly operated an Ohio river ferry at Athalia, O., and later was pilot and engineer of a ferry at Huntington.

No More Piles

Thousands Bless Dr. Leonhardt, the Specialist Who Discovered This Common Sense Remedy.

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID. This Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, Mathews' Original Cut Rate and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.—Adv.

MOTOR DRIVEN BRUSH
Suction Alone Is Not Enough.

Because housewives realized that suction alone was not enough for thorough cleaning, the motor-driven brush type cleaner was developed. Powerful suction raises the rug off the floor and to the nozzle. The motor-driven beating brush gently beats and vibrates the rug, freeing all embedded dirt. Sweeping brush action loosens thread, hair and lint. Powerful suction whisks everything into the bag.

Glides Easily Over the Thickest Rugs

The seven position nozzle adjustment gives right position for rugs of any thickness. Neither brush nor nozzle drag on rug. In tests only 3 1/2 lbs. of energy were required to push the Hamilton Beach over the rug. When you try this cleaner on your rugs you will realize and appreciate what we mean by "the easiest cleaner in the world to push over the rug."

CHARLES SCHENKLE AND OTHERS SUE ESTATE OF ADOLPH FRITZ

Action for \$1,500 Based
On Purported Written
Contract With Mary
Schenkles.

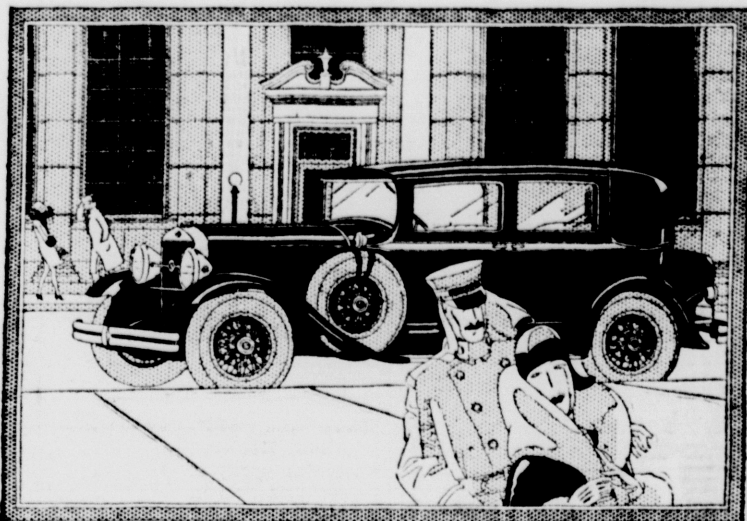

LISBON, O., March 14.—A suit to recover \$1,500 from Mrs. Margaret Williams, as executrix of the estate of the late Adolph Fritz of East Liverpool, has been filed in common pleas court by Charles Schenkles and others, who are represented by Attorney Ben L. Bennett.

The petition says that at the marriage of Miss Mary Schenkles and Fritz, there was a written contract between the two relative to the rights of each to the property of the other. It was also agreed that in lieu of any claim on the estate of Fritz that he would bequeath her \$1,500, but the will has contained no such provision, the suit sets forth.

Recently a demand was made upon the executrix of the estate of Fritz for the \$1,500, and this was refused, the petition says. The court is now asked to determine the equity.

RULINGS MADE IN THREE CASES

In the \$300 damage case of Michael Mercure against J. Henry Landwert, the court has granted leave to the defendant to file pleadings at once.

Leave to the plaintiff to file an answer has been given in the \$260 damage action of Lawrence L. Welsh against George W. Hoke.

Defendants have withdrawn their answer, and leave has been granted them to file a motion to the petition of the plaintiff in the \$5500 accident case of Hannah Kirkham of East Liverpool against the county commissioners.

Defendant Wins in Rug Suit.

Many months ago Martin McGregor sued in a lower court at Salem for the recovery of a rug from the possession of Clark McGregor, a relative. The decision of the Salem court was in favor of the defendant, and then the plaintiff carried the case to common pleas court. Almost two days were occupied in hearing testimony, and then a jury returned a verdict in favor of the defendant.

Sale Confirmed in Foreclosure Action.

A sale has been confirmed, a deed ordered and a decree of distribution entered in the foreclosure action filed by Walter Boiling and wife against Charles E. Dusch. The petition in this case was filed last May 28.

The inventory and appraisal have been approved in the case of L. M. Kyes against C. W. Calvin, as trustee, and others, an action filed June 23, 1917, for an accounting, injunction and receivership.

WILLS PROBATED IN SIX ESTATES

In probate court, Florence Schafer has been named administratrix of the estate of Irene Schafer, who died at Salem last Feb. 25.

Genevieve Menke of West North avenue, East Palestine, has been appointed administratrix of the estate of Fred B. Menke, who died Feb. 28 at East Palestine.

In the estate of Nicholas Conton, who died at Wellsville last Sept. 4, Anna M. Conton has been named administratrix, with bond fixed at \$3,400.

Oliver M. Crawford has been appointed administratrix of the estate of the late Elizabeth Myers, who died in Perry township last Feb. 21. Bond was placed at \$1,000.

The will of the late Bertha Sullivan, who died at Salem Feb. 16, has been probated, with Nancy Myers being named administratrix.

Bond has been excused by the will in the estate of Stephen A. Wisner, Rolland A. Wisner, 32 Jennings avenue, Salem, has been named administratrix.

SALEM WOMAN GIVEN DIVORCE

On the grounds of gross neglect of duty, a divorce has been granted by Judge W. F. Lones to Lillian Smith against her husband, Walter F. Smith, of Salem, and the plaintiff has been restored to her maiden name, Lillian Kerchessner. As the plaintiff is a minor the action was filed by her mother.

In the divorce action filed by Frances Blagg against her husband, Henry Blagg, the court has ordered the defendant to pay counsel for the plaintiff \$50 on or before March 30, and in addition to pay his wife \$50 monthly.

The divorce action filed by Tressia M. Smith against her husband, Roy Smith, last Aug. 31, has been dismissed at the cost of the plaintiff.

Because there has been no prosecution, the divorce action filed by Emma McCoy against her husband, Harry McCoy, has also been dismissed at the cost of the plaintiff. This petition has been pending since last Sept. 7.

SHERIFF, ILL, DIRECTS RAID

LISBON, O., March 14.—The raid on the home of Joe Palifrome, Water street, Tuesday night by three deputy sheriffs was made within 20 minutes after Sheriff William J. Barlow received a tip, it developed today.

Barlow, who has been ill since Sunday, suffering from a severe cold contracted while taking prisoners away last week, summoned Deputy Sheriffs George Harroff, Gomer Lewis and James P. Elliott. A search warrant was immediately procured and the raid followed.

When Palifrome was given a hearing before Probate Judge Lodge Riddle Wednesday, it developed that he had rented a room of his home to "some one," but the name of the latter was not revealed. Seven cases of

alleged Canadian bonded whiskey and seven gallons of "corn" liquor were found in the room, the raiders said.

Mary L. Cope Wins Replevin Action.

With a jury trial waived, the replevin action filed in common pleas court by Bernice L. Lower against Mary L. Cope was tried to the court, who found that the plaintiff was the owner of the chattels in dispute. Judgment was rendered in favor of the plaintiff for \$125 and costs.

"ASTOUNDING THAT IS WHAT I SAY OF NEW KONJOLA

Former Sufferer, Happy
With Renewed Health,
Pays Grateful Tribute
to Famous Herbal
Compound.

MR. A. A. CLIFF.

"Astounding, that is what I say of this new and different medicine, Konjola," said Mr. A. A. Cliff, 701 Third street, N. W., Canton, Ohio. "For many years I suffered dreadfully from stomach trouble—food formed into a heavy, sodden mass, fermenting gases that caused shortness of breath. My vitality was low; I had no resistance, and the least physical exertion exhausted me. My nerves became all unstrung and sound sleep was out of the question. Catarrh set in, affecting my head, and made me hard of hearing. I was discouraged and disheartened.

"Then I began hearing about this wonderful Konjola. I wondered if it could do any good for me at this advanced age. I decided to give it a trial, and it went right to work. Day by day I began to improve; my stomach started functioning better and the catarrhal condition was rapidly drying up. By the time I had completed the fifth bottle, I felt like a different man. I now eat three meals a day, enjoy them, and never suffer the slightest after effects. All traces of the catarrh have disappeared. I praise Konjola, and want to say that this is the master medicine of them all."

Konjola is sold at East Liverpool, O., at Carnahan's drug store and by all the best druggists in all towns throughout this entire section.—Adv.

Asphyxiations Increase

The death yesterday of a Canton motorist who was found sitting upright behind the steering wheel of his automobile in his garage, directs attention to the fact that asphyxiations are increasing in Ohio. The Canton death increased the fatal cases to 29 among 135 carbon monoxide asphyxiations reported to the state health department during the last eight months. And this record does not include gas asphyxiations.

As State Health Director Charles A. Neal warns, automobile exhaust fumes, whether inhaled in the closed car or in the closed garage, are one of the most prolific agencies of death from the carbon monoxide hazard. And not infrequently carelessness is a factor.

The automobile is not alone in claiming carbon monoxide victims. Leaky gas pipes and worn-out valve are the chief causes of gas asphyxiation, and rubber hose connections, although long prohibited, still figure in the fatality record.

And while science has improved instruments of home comforts and brought ease and conveniences, the human factor connected with their operation is often faulty. Although manufacturers have taken every precaution to prevent misuse of their products, it is pointed out by health department officials that ordinary care must be exercised with their use.

It pays to be on the alert against all known hazards at all times.

Nuka Hiva Island

A waterfall, reported to be seven times higher than the Niagara falls has been discovered on Nuka Hiva Island, largest of the beauty-famed Marquesas Islands, which lie east of the Samoas.

Nuka Hiva is one of the island garden spots of the world. Numerous bays, walled in by lofty, forested cliffs, indent the coast, each commanding a magnificent view of a valley clad with tropical verdure.

At the head of Comptroller Bay, one of the larger coastal indentations, is the Taipi Vai Valley, made famous by Herman Melville as 'Typee' Valley. Taipi Vai and other portions of Nuka Hiva once teemed with natives. Now small settlements and numerous stone platforms upon which the natives built their huts, are the only remaining evidence of a race which Robert Louis Stevenson described as the handsomest in the world.

The coconut palm plays an all important part in the lives of the natives. Dried coconut pulp, called copra, is the chief article of commerce and is used in bargaining between natives and traders. The native's hut is almost entirely constructed with branches, leaves and fronds from the coconut palm. The tribesmen eat coconut pulp and drink coconut milk, both fresh and fermented. Marquesan 'flappers' use the oil to make their bodies shine, and it is burned in the islanders' crude lamps.

Captain Cook and other explorers introduced fruits and vegetables and modern customs on Nuka Hiva, but they also introduced European diseases. When the first white man set foot on the island, cannibalism was rampant and tribal warfare was an important occupation among the menfolk. 'Long pig' (human flesh) was necessary for the proper celebration of the pagan rites.

The French put a stop to cannibalism but epidemic after epidemic of disease has placed the Marquesans among the vanishing races of the South Seas.

Books In Rural Centers

The farm family of a generation ago whose reading matter consisted of a Bible, a McGuffey's reader, an almanac, and perhaps a newspaper, is only a quaint, almost primitive, memory today. The movement for the establishment of public libraries has spread out of the cities and into rural America until hardly a village exists that can not provide a well selected collection of books of fiction and general interest.

Library commissions of 38 states now stand ready to contribute money to the book funds for these libraries which serve rural areas, and to assign expert advisers to assist in establishing reading rooms and lending systems, according to Eugenia Wallace, who, in The Farm Journal, relates the growth of the movement.

But, even more than the library commissions or the individual efforts of various philanthropists, it is the farm women themselves, who are just beginning to realize the power of organized effort, who are bringing books into rural homes.

By forming county clubs, farm women in hundreds of rural centers are providing organized support for libraries. In many cases, they begin with the nucleus of a reading room located in the village or town which serves as their shopping center, which eventually grows into a fully equipped library, either through their own efforts and state aid, or through the benefactions of public-spirited citizens of wealth.

In an increasingly large number of instances, the work of libraries already established, has been expanded to conveniently serve a county by the establishment of branches located in the rural schools.

Even where the aid of state library commissions is not available, it is possible for an energetic organization of farm women to obtain other assistance in launching such a movement.

The American Library association, which is always ready to help get library service started, estimates that a county library system, with branches in the villages and schools, can be established or \$1 a year for each person served, or less than the cost of a single book.

All the Paris papers praise President Hoover, one of the most important holding that he is one of the best-equipped men in the history of the United States to assume the presidency and another paper of high standing calling special attention to the fact that he is "neither a politician nor a lawyer." No comment necessary.

HASKIN DAILY LETTER

By Frederick J. Haskin

WASHINGTON, D. C., March 14.—Iron must be regarded as the most useful of all metals. One of the principal commodities for which gold is spent is iron and its manufactures. D. F. Hewett, geologist of the United States geological survey, in studying European metals history as an aid to American mining policy, has paid especially attention to iron.

Development of iron resources in the early days of European civilization follows almost exactly the outlines of Roman conquest. The Romans forged their short swords from iron and were skilled in the art of mining. The barbarians who occupied the European territory to the north of Rome also employed iron but to a lesser extent. Nor did they know much about mining. So, one needs but to follow the track of the Roman legions to trace the development of the iron-mining industry of Europe.

For centuries about all the use to which iron was put consisted in the manufacture of weapons. This did not require a very great tonnage. Mining was extremely laborious and was performed by slaves. Production records for countries other than Sweden do not exist until about 1750. Then Sweden was producing some 65,000 tons of iron a year or 40 per cent of the world's supply; that is, the Occident's supply. We do not know what was being done in the Orient at that early date save that metals were known and in general use. In 1750 England was producing only 17,500 tons a year.

Coal came into use in smelting in 1618 and iron-working boomed. In 1735 the process of coining was learned. This helped again. By 1800 the industry was a large one with a world iron output of 540,000 tons, England leading with 35 per cent, then Sweden with 30 per cent, followed by Russia with 20 per cent of the total supply. England held this lead continually until 1890 when her production was surpassed by the United States. In Germany the British production was surpassed in 1903.

The rise of the French iron mines since the Franco-Prussian war also has been phenomenal. In 1871 the output of the mines of the Lorraine formation amounted to only 6 per cent of Europe's total; in 1913 they yielded one-half, their output contributing 90 per cent of France's iron production. Reserves amount to 5,000,000,000 tons, geologists estimate, or a hundred years' supply. Also, France has iron mines in the Pyrenees. These, yielding 300,000 to 400,000 tons of iron ore a year, are believed now to stand at their peak production.

Belgium once had rich deposits belonging to the same general formation as that from which France is drawing her iron wealth, but the Belgian mines are practically exhausted. The peak of production was passed in 1836. Belgium's steel industry survives because, when she had native ore, she built up an efficient manufacturing industry which now utilizes imported ores.

Austria has extensive deposits considering her area. Production has steadily increased over the past 200 years and it is estimated that she has not reached her peak but has reserves which will last a century.

The Romans began working the Spanish iron mines very early and many are naturally exhausted. The peak of Spanish production was in 1899 when 6,000,000 tons a year was brought to the surface. This figure has declined to about 2,000,000 tons and geologists predict that reserves will not last more than another fifteen years.

The Swedish deposits seem inexhaustible. Among the older mines of Europe, they still are producing. New mines are being opened. It is difficult to estimate how long her reserves will last because none knows very definitely what they amount to. A similar situation obtains as to the Russian deposits. These are widely scattered over the vast territory of Russia, South Russia and Ural Mountains being at present the principal sources.

The nineteenth century, of course, saw more iron consumed than all the preceding centuries put together. Sweden increased her production in that century 10 times, France and Belgium, 20 times; Russia, 30 times; Austria-Hungary, 40 times; Great Britain, 50 times; Germany, 300 times; and the United States, 700 times.

Questions And Answers

By Frederic J. Haskin.

This is a special department devoted to the handling of inquiries. You have at your disposal an extensive organization in Washington to serve you in any capacity that relates to information. Write your question, your name, and your address clearly, and enclose two cents in coin or stamps for reply. Send to the East Liverpool Review Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. What per cent of the telephones of the world are in the United States? M. H.

A. The United States has 59 per cent of the telephones of the world. The world total is 32,800,000.

Q. What is hoddan gray? H. D.

A. A coarse cloth of the natural color of the wool. Formerly worn by peasants.

Q. What are great national sporting events of Japan? J. R.

A. The wrestling matches at Tokio in January and May are the sporting events of great national interest. At these matches the champions meet in a sand arena. If a single part of the body except the soles of the feet touch the ground, the wrestler loses. If he is forced out of the little circle, he loses. The wrestling matches continue for nine days.

Q. How far is Asia from America at its nearest point? C. C.

A. The narrowest part of Bering Strait is between Cape Prince of Wales on the American coast and East Cape in Asia. This is 26 miles across.

Q. What countries did not use conscription during the World war? C. R. G.

A. During the war all the nations involved employed conscription. Such countries as Great Britain and the United States which formerly had voluntary military service, adopted conscription as a war measure for the duration of the war period.

Q. Why are men who take charge of funerals called undertakers? L. J. P.

A. Undertakers were formerly known as funeral undertakers. The present term is merely a contraction of this expression.

Q. Why is Watt's Hope called by that name? M. D.

A. The theme is symbolized by the figure of a woman seated with bowed head. She still clings to her lyre, all the strings of which with the exception of one are broken. This is to suggest the dominant quality of hope, which prevails in even the most adverse circumstances.

Q. How can hard bar soap be cut into cakes. H. H. J.

A. It can be cut with a fine wire. Sometimes passing a stout cord about the bar and drawing the ends past each other will do the trick. Soap is cut in a factory by wires fixed in a frame.

Ritzy Rosalie

It was an important meeting and the heated arguments over the date of the club dance were carried right out of Rosalie's front door. And four handbags and an umbrella left behind. Rosalie can see that the umbrella is part of a set since its case matches one of the purses. Under one arm she is carrying to safety an envelope bag with a watch in its strap. She is swinging on one finger a double compartment affair—one side is a complete vanity and the other side for money—each side opening independently of the other. Under her other arm she holds a bag with a "petticoat" edge.

NEW YORK Day By Day

By O. O. McIntyre.

NEW YORK, March 14.—Manhattan is rivaling Paris as a perfume center these days. The new shops opened recently are as flamboyantly fancy as those gorgeous mirrored hutchies on the rue de la Paix. Dozens of cooling French saleswomen have been imported to add "atmosphere."

While most shops bear French names, it is said a large number are financed by American capital. The perfumer has found America one of the most profitable of all countries for sale of his wares. Perfumes are not only designed for men and women, but children and babies as well.

All the French sale subtleties are in evidence in the amazing number of shops along Madison, Park and Fifth avenues—the atomizers filled with free scents, the enticing an d magnificently bottled and the marvelous window displays. The profits are said to be enormous.

Twenty years ago the perfume shop was unknown here. Perfume was purchased chiefly in drug and department stores. Today manufacturers are renting the choice corners and bringing over famous decorators to outfit them in dazzling splendor.

There are places that "blend fragrant inflections of your own personality," and one silvered shrine boasts 200 Social Registerites who have odors prepared for them especially at a cost of \$49 an ounce. Three so-called smart periodicals derive the biggest revenue from perfume advertising.

The "parfum vogue" is another released suppression following the war—like jazz. Prices have risen to astounding proportions. A lady with a \$5,000 yearly perfume bill is not unusual. Even in Paris the \$2 bottle of perfume of other days is now \$25.

The exquisite odor today marks the smartly dressed woman with a verve and distinction as much as her clothes. She has her perfume for morning, afternoon, evening, for the dining table, the play and so on. Thus the making of perfume has become another American racket.

The Bowery has noted the passing of Slippery Max, once proprietor of

"The Sink," an infamous beer dive. He introduced the custom of serving a large schooner of beer, with straws for two customers, at five cents. Sucking beer through a straw did something. Those who indulged were likely to walk out on their hands or in some other quaint fashion.

Another rendezvous of those days was "The Doctor's," whose clinic was a swing door saloon a few blocks north of Park Row. The Doctor, himself, was an odd figure among the blowy bums who frequented his laboratory. He was a fellow of a Royal Surgical Society who fell through drink but with a monthly remittance was able to maintain his lowly bums who frequented his laboratory. In the late evening when he became mellow from his "prescriptions" he would deliver a profound lecture on the physiological evils of alcohol, conclude by setting up a free drink on the house and stumble off upstairs to slumber.

A plumber, deservedly indignant at stage jests at his craft, sends a 200-word telegram that in some 30 years of plumbing he has never known a plumber to forget his tools when called on a job. But why pick on me? I'm not only skinny picking but I never gossip about plumbers.

In a nice mild way, however, I have often wondered if a plumber requires all the tools he brings when you phone him you need a washer on a bathroom tap. I don't care a whole lot, but asking fills a line or so.

I have also received a duck of a note from a chorus man who says he has never heard a chorus man lip. "But I know three newspapermen who do," he adds, the meanie.

And a boulevardier sighs in print that all the chorus girls he knows are no longer frivolous and pay but sedate and dignified. He should cry in his chills, the mug! All the chorus girls I used to know are in the Old Ladies' Home.

Where We Lag in Cleanliness.

We are rather proud, here in America, of our progress in sanitation. When it comes to plumbing and kindred matters we plume ourselves on our advance. We rather pity Europe.

But in one phase of this cult of cleanliness we are years behind some cities of Europe.

There is no standard container for ashes and the other refuse that we must be rid of. Any old thing is good enough. Old boxes, baskets and cans stand for hours in the streets, uncovered, while the wind does with the contents what it will. Along comes the wagon. The loaders dump the contents of the containers in. This gives the wind another excellent chance.

The uncovered wagon moves slowly on to the next stop, leaving a trail of blown paper and refuse of all description, while the air is filled with ashes, particles of dust and enough microbes, probably to start, with a little encouragement, a terrifying plague.

They do these things better in Europe. For instance, in Vienna every every house is equipped with specially constructed garbage cans. These cans have swinging covers which snap to automatically. They are specially constructed for the wagons which collect their contents. These wagons also are covered and have openings into which the tops of the cans fit. The cans are emptied without the least dust or dirt escaping. Vienna is clean.

Here the street, after the garbage collectors have passed, is a disgrace. The scavengers seem, impossible though it is, to leave more dirt blowing about than they collect.

While the city holds to this antique system a lot of the money now expended on health services is just being thrown away.—Philadelphia Record.

Goitre Not a Disease

Milwaukee Doctor Makes Remarkable Discovery.

Milwaukee, Wis. — It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. B-32, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to any one interested. Many a Roman aqueduct still stands, after 2,000 years, the epitome of strength and beauty. That same charm of line and trustworthiness of construction are reflected in the "arched-window" silhouette of the Chrysler today.

CHRYSLER "75" Royal Sedan, \$1535

Beauty—ages old—yet new as the dawn of today

In producing a motor car equally matchless in appearance as it is in performance, Chrysler designers substituted basic Style for fleeting styles by going back to the ancients who established the changeless principles of art—the age-old laws of beauty, of balance and of symmetry.

Such is the kinship between the beautiful and the useful that strength and grace, power and charm, sturdiness and loveliness combined naturally; scientific engineering principles conforming to the time-proved standards of proportion and balance.

Thus the studied canons of ancient art have been translated into modern terms and epitomized in the Chrysler. Its appearance is now only rivaled by its performance, and it is as pleasing to observe as it is satisfying to drive.

New Chrysler "65"—Six body styles, \$1040 to \$1145. New Chrysler "75"—Nine body styles, \$1535 to \$2345. New Chrysler Imperial—Five custom body styles, \$2675 to \$3855. All prices f. o. b. factory.

BETWEEN BYOU AND ME

BY JOAN

"Get intelligent, Eustace, and use the word 'miscellaneous' in a sentence."

"Miscellaneous is the greatest man in Italy."

"You spent the entire morning looking for a hat?" Then you didn't go to the right place, Madam. There's one shoppe that makes head sizes its specialty, and Oh! the immense stock they carry. From the plain, inexpensive hat to the most elaborate replicas of the Paris originals. I'd like you to look at the second issue of March Vogue (devoted to Spring Millinery). The Easter display at L.E.M.-MER'S offers you the exact hats that Vogue sponsors. In the straw and felt Vogue emphasizes, and, of course the correct colors. I've observed this also. . . they are most particular that your hat fits perfectly and that it's really and truly becoming.

INSOMNIA! Sounds awful, doesn't it? Just imagine having to count thousands of sheep before going to sleep. It's a safe bet, those folks haven't a Red Cross Mattress on their bed . . . which reminds me . . . Have you seen the very clever display of this everlastingly comfortable mattress in Crook's Furniture Store window? You can see the excellent material used in the construction of a Red Cross Mattress, then, if you value luxurious comfort, and deep, relaxing sleep . . . you'll never rest until you own one for your bed.

WHAT A LOVELY EASTER GIFT! One lady purchased two of them . . . one for a friend (wish I was the friend) . . . the other . . . for her little daughter. It is a book . . . a New Testament. The sayings of the Master are red lettered. The print is large enough to provide very easy reading and the colored illustrations are most beautiful. The attractive covers of this little book were cut from Olive-wood trees, grown on the Holy Land and were carved and polished by oriental craftsmen in Jerusalem. Doesn't it sound like something every one would appreciate owning? The most beautiful book I've ever seen. Inquire about it at Ogilvie's.

HAVEN'T YOU BEEN in banking institutions where formality seemed to be the very thing they wished to stress? . . . You're so afraid of making a mistake, etc., and feel uncomfortable every minute. If there's one thing more than another that folks admire about the First National Bank . . . it's the pleasant atmosphere . . . the friendly service. To prove that I speak the truth, why not open an account at this bank? It will only take one dollar and you will thoroughly enjoy the few minutes you spend doing it.

IF YOU'RE ON A DIET, you better pass on but if you are fortunate enough to be able to eat all the candy you wish without registering it in the form of excess weight, here's a sweet surprise. On Tuesday Carnahan's Drug Store receives eleven varieties of Brook's chocolates. I haven't tasted them (but I'm dying to) yet I've been told by one who has, that they are very good. At any rate it will cost only 49 cents to try a whole pound, but listen, don't forget to pass 'em around. Thanks.

I WONDER IF SHE HAD GUESTS THAT TIME. I mean Old Mother Hubbard . . . when she found her cupboard bare. Well, if this is ever your misfortune when the good husband brings home a guest when there's only potatoes enough for two and no meat in the house, I'll tell you the best thing to do. Just take the husband aside and say—"We're going to the Traveler's Hotel." If you've never tried this plan you'll appreciate the suggestion.

WHO IS HE? S. S. Van Dine, author of many books on learned subjects suffered a nervous breakdown, and to while away the time in bed turned to writing baffling detective stories. Thus far he has succeeded in shielding his identity. Everybody is feverishly curious to discover who he really is. He will be seen on the screen for the first time in "The Canary Murder Case," his famous mystery story.

IT TAKES A PERMANENT A LONG, LONG time to grow out. Because of this you can't afford to run the risk of peeling a wave that is imperfect. Haven't you seen permanents that were just one grand "frizz"? "I Am So Thankful to Owa-Ton-Na," Says Happy Mother

Nervous, Run Down Condition Brought About by Worms Overcome by This Fine Old Indian Remedy.

Harmful poisons, it almost seems in no matter what form, are routed from the system when this natural compound is put to work. Nature's own roots, herbs, barks and berries as formulated in Owa-Ton-Na just seem to cleanse the system from top to bottom. Stomach, liver and kidney disorders, rheumatism, neuritis, nervousness and general run down condition of health have responded in so many thousands of cases that it is small wonder that the praise of Owa-Ton-Na has spread so rapidly wherever it has been introduced. Day after day eager health seekers report marvelous benefits not only in East Liverpool but all over this broad land. Men, Women and children of all ages and all walks of life are equally enthusiastic about its benefits.

Mrs. Marie Raimond, Corner 4th and Washington Streets, Newell, W. Va., says: "We have been worried for the past three years about little Jane's health. She didn't seem to respond to anything we did for her. She was terribly constipated and this is a terrible condition for older people, let alone little children, and to think that a little girl would have to suffer with headaches the way she did. Food of any kind seemed to disagree with her and she always have a coated tongue and bad breath."

"Many times we would have to force her to eat and she didn't want to play with the other children, always just seemed to ache her terribly at times and the joints in the different parts of her body would ache. She just seemed to be nervous, nerves all over. When so many people started to talk about the good that Owa-Ton-Na has been doing for so many people in this vicinity, some of our friends suggested that we try this harmless Indian Remedy, Owa-Ton-Na."

"Of course, we had heard about the good it had done for a number of our friends and imagine how glad we were when little Jane responded to its use. Almost in no time, seemed like a different girl. Her stomach

PASTOR URGES GOLDEN RULE

Rev. J. P. Wisman Preaches in Boyce Church.

The world will learn the golden rule as it becomes the life principle of Christ's followers, declared the Rev. John Joe Wisman, pastor of Boyce Methodist Episcopal church, at last night's revival service. "They must become examples to those about them," he said.

In the absence of William Maury, the congregational singing was directed by Joseph Weekly.

On Friday night the Junior league of the church will attend the meeting in a body. The pastor will speak again tonight.

"And when he comes he will improve the world of sin, and of righteousness, and of judgment," John 16:8, were the words of his text.

"These were definite words of Jesus regarding the Holy Spirit to the church of whom He said it was expedient that He go that the Spirit might come to His followers."

"The Christ is central in life and full surrender must be made to Him unless we are to leave our feet chained to the fetters of sin."

"The Holy Spirit will remove of righteousness. The church is the body of Christ. The world sees righteousness only as it is manifested in Christian believers. So the church is to become a glorious church as it sets forth the praises of God."

He mentioned how the body of the late Mrs. William Booth, the wife of the founder of the Salvation Army, was witnessed by thousands in London because of the great good that she had done in life. "The Christ principle of living had been so manifest in her that she was acclaimed by the rich and the poor alike. It is that which is demanded in the Christian: the letting of the world know of a truth that His spirit motivates one. Thus will the world learn the golden rule and subscribe to the teachings of the Master."

Stovepipe Aids Fishermen.

Norwegian fishermen have found a way to fish with the aid of stovepipe. A piece of glass is held by adhesive tape over one end of the pipe to form a "water telescope." When the end containing the glass is thrust just below the waves and ripples at the surface, the men say, the can see fish at a considerable depth below.

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for liver and bowel ailments. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, hollow cheeks, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—now and then to keep fit. 15c, 35c and 60c.

Be Ready

When your Children Cry for It

Baby is likely to wake you any night with that sharp cry which means just one thing—colic! Be ready. Keep a bottle of Fletcher's Castoria in the house. A few drops of this pure vegetable, pleasant-tasting preparation comforts a colicky, fretful or feverish baby in a jiffy. In a few moments your anxiety is over and baby's sleeping soundly again. And you've only done what your doctor would advise. He'll tell you Fletcher's Castoria doesn't contain any harmful drug—that it's safe for the youngest infant and effective for children of all ages in cases of constipation, colic, gas, diarrhea and those upsets when you don't know just what is the matter. Avoid imitations. Genuine Castoria bears the Fletcher signature.

Europe's First House Found.
Remains of lake dwellings which date back more than 7,000 years to the Stone Age, have recently been unearthed by workmen near Lake Zurich, in Switzerland. Stones, spears, axes and domestic utensils were among the objects found. The structures which supported the wooden platforms on which the dwellings were built are made of strong piles of tree trunks driven into the bottom of the lake. A combination of clay and wood was used in the construction of the lake huts, the floors of which were large slabs of stone bearing inscriptions of the Stone Age in hieroglyphics.

EDISON HOME SITE PURCHASE UP TO SENATE

Bender Urges State to Acquire Birthplace in Milan.

VOTE IS ASKED

Committee Named on Question of Prison Inquiry.

By C. H. HADDOX, International News Service Staff Correspondent.

COLUMBUS, O., March 14. — The Ohio senate is scheduled to take action today on a joint resolution by Senator George H. Bender, Cuyahoga county, providing for purchase by the state of the site of the birthplace of Thomas A. Edison in Milan, Ohio.

The senate adopted a resolution, offered by Senator G. M. Kuntler, Preble county, expressing sorrow because of the death of Samuel J. Flickinger, newspaper man, of Hamilton, widely known throughout Ohio. Flickinger was secretary to Gov. Andrew L. Harris, from 1906 to 1909.

Representatives L. E. Rush, Delaware county; Kyle Ross, Akron, and James T. Anderson, Canton, constitute a sub-committee of the house committee on benevolent and penal institutions chosen to confer with Governor Myers V. Cooper and Welfare Director Hal H. Griswold and then submit a recommendation to the committee as to whether a legislative probe should be conducted relative to recent escapes of prisoners from the Ohio penitentiary.

Motor Vehicle Bill Changed. Senator Allen C. Aigler, Huron county, introduced a bill clearing up a defect in the laws dealing with motor vehicles and providing that out-of-state owners of motor trucks must obtain Ohio licenses before operating in intrastate business in Ohio.

Measures passing the senate late yesterday include: The Wise bill, raising the weight limit of trucks, using pneumatic tires on highways, from 10 to 12 tons; the Laybourne bill, providing for agricultural extension work; the Gillen bill, permitting county commissioners, in a county having a tax duplicate of less than

\$300,000,000 to assume unpaid road assessments; five Morgan bills dealing with activities of juvenile courts; the Wise bill, providing for a deputy state treasurer with an annual salary of \$4,500; the Herbert bill, permitting parole of prisoners from Ohio penitentiary prior to expiration of the minimum sentence imposed by the courts.

Measures Before House. Having passed the house, the Laybourne bill goes to the governor. The other measures go to the house.

Representative Perry B. Jackson, Cleveland, offered a house resolution providing for appointment of a legislative committee to study judicial and jury systems of this state.

The house passed the following bills which go to the senate: The Norton bill, permitting war memorial commissions to cooperate with non-profit-making patriotic societies; the Cressy bill, authorizing county officials to include in one sale, because of delinquent taxes, various parcels of land if the sale price for each parcel, when sold separately, would not be sufficient to pay the costs of foreclosure.

Bills on Senate Calendar.

COLUMBUS, O., March 14.—The Robt-Morgan bill, providing for a state office building commission empowered to build, or buy, a structure for housing the various state departments now outside the statehouse, is on today's calendar for a vote on the question of passage.

Other measures occupying a similar position on the senate calendar are: The Gillen bill to raise the minimum tax duplicate basis for state aid to weak schools from \$2,500 to \$4,000; the Herbert bill, providing that one member of the soldiers' relief commission in each county shall be a World war veteran; and a member of the American legion; the Bender bill requiring municipalities to levy taxes for police and firemen's pensions; and the Gregg bill, providing for transfer of a deed for a tract of land formerly used as an armory site at Dresden, Muskingum county.

Roll Calls in House. Today's house calendar provides for roll calls on the question of passing the following measures: The Miller bill, permitting state-supported universities to erect dormitories and to issue bonds to pay for them; the Johnson bill, to discourage "thumb-jerking" by persons seeking auto rides; the Laybourne bill, giving the director of agriculture the right to provide regulations relative to handling commercial food stuffs; the Cave bill, making corrective amendments to the Mansfield municipal court act; the Boden bill, providing more stringent laws relative to arson; and the Stevens bill, decreeing that more than one street, alley or other public place, may be included in one improvement proceeding.

PRAYER MEET TONIGHT FOR RADER VISIT

Preparatory Services in First Baptist Church.

EASTER CAMPAIGN

Dr. G. B. Winrod Will Assist Chicago Evangelist.

Initial public preparation for the Paul Rader series of meetings which will open on Easter night, March 31, and continue one week with Dr. Gerald B. Winrod assisting, will be made tonight when a prayer service will be held in the First Baptist church, West Fifth street. It will be led by Harry Watkins, of the First Presbyterian church.

Characterized as one "of America's great religious leaders," Paul Rader has the reputation of being one of the most eloquent speakers before the public today.

Dr. Winrod is regarded as a man "of unusual brain power and spiritual illumination." He combines in a rare degree "the exactness of the scientist, the idealism of the philosopher, the vision of the seer and the truth of the Bible student." His delivery is rapid, intense, earnest and magnetic.

Their purpose in appearing together in various sections of the country is to defend the fundamentals of the Christian faith.

Rader Radio Speaker. Rader, because of his appearances on the radio from his Chicago tabernacle, is generally known in the East Liverpool district.

Dr. Winrod, who will speak on Sundays and in the afternoons of the East Liverpool engagement, is now conducting a series of meetings in the Park Avenue Methodist church in Worcester, Mass., of which the Rev. H. G. Watling is the pastor. This part of the area over which Bishop William Anderson, formerly of the Cincinnati area, who is so well known here, has charge.

It has not been fully decided what the subjects of Dr. Winrod are to be while in East Liverpool.

Scope of Discussions. Those that he utilized in Worcester, Mass., give an idea of the scope of his discussions. It is certain that some of these, perhaps all of them, will be delivered here. They include: "Science and the Bible" and "Modernism—Its Curse and Cure."

"Jonah and the Whale" is a scientific resume of this remarkable scriptural character. "Satan and Demons" is another of his themes in which the question, "Is there a personal devil?" will be answered. A prophetic address is that on "Noah's Carpenters." How life units are vitalized by the eternal spirit, the cell theory and the mystery of the heart-beat will be features of the address on "Christ Within." "Victory in Christ" will be another theme.

A scientific discussion of prayer will be had with that on "Faith, Prayer and Realization." "The Eternal Hereafter" and "Rasputin, the Holy Devil of Russia" and "Evolution" are also listed.

THE extent of which radio has transformed human life and enlarged its possibilities is understood as little as the importance of printing was understood when Gutenberg began setting up his movable type.

Printing opened all the knowledge of the world to everybody that could read.

Radio offers the speeches, music, and information of the world to everybody able to listen.

BERLIN reports an agreement by which General Motors for \$30,000,000 acquires 76 per cent of Opel Motors, biggest German automobile concern.

THE presence of Alfred P. Sloan, Jr., 1 Europe makes the purchase probable. Opel has a capacity of 300 automobiles and 5,000 bicycles daily, and will doubtless hereafter produce Chevrolet cars.

THE NEW immigration law will bring in more Englishmen and Italians, and diminish the number of German, Scandinavian and Irish immigrants. The English and the Italians will be welcome. The country needs men with energy enough to move.

CUTTING down the quota of Germans, Scandinavians and Irish is a misfortune. What would it mean to shut out such a German as Carl Schurz, such a Scandinavian as Col. Lindbergh, such as Irishman as Gen. Phil. Sheridan?

FACTORY workers in Russian cities pass resolutions like this: Shame on Trotsky for selling his political conscience to the capitalist class.

TROTZKY, kicked out of Russia and in need of money, wrote what he thought about Russia, which, without knowing it, is already turning in the direction of capitalism.

WHEN Russian workers have been "free" a little longer they will know that freedom of speech is the first essential of real freedom. Tyranny, under a dictatorship or a soviet government, fears free speech more than dynamite.

In many bright shades, were also shown.

The afternoon costumes were of bright reds, blues and greens while the materials were of corded crepe and georgette. Sport costumes of knitted materials, jersey and kashmir are displayed in most windows.

An especially smart frock was designed of black and white crepe, with brilliant red bands circling the waist line of the dress. A white coat, with a border of red graduated bands, made the ensemble. Another ensemble, attracting the eye, was of lemon colored jersey, with brown polka dots, and a long coat of the same shade.

Hats Have Tendency to Flare. Hats have a tendency to flare, many reaching down to the shoulder on one side, and being drawn away from the face on the other side. The colors may be chosen to match the costume or in a striking contrast.

Bright pinks add to the effect. Dinner and evening frocks are in pastel shades of the popular black or white. The uneven hem line is still shown, and tulle is much in favor.

A Nile green gown with white applique flowers, the hem being of tulle to the knee, is a popular style. One window displayed lingerie in black, blue, white and pink.

Red, green, blue, brown and a few gray shades, in pumps, strapped effect and oxford styles, are shown. Men's foot apparel is practically unchanged.

The smart glove displayed with the Easter costumes is of washable suede with the bandit cuff or in slip-on styles, comes in all shades to blend with the spring ensembles.

Two-Button Suits. For the men, the haberdasheries were showing two-button coat suits of light and oxford greys and the tan shades and several men's stores had suits of a pin-point black and grey check that were smart. Hats in all the shades of greys and tans, had high tapering crowns and narrow brims. Neatness of design seemed to mark the spring fabrics for men's shirts and ties which were mainly in the blues, and beige with some green, top coats of camel's hair were shown and malaca came to complete the Easter ensemble were everywhere.

Children's clothes were never more cunning, for the little tots will be dressed like their sisters in ensembles of coat and frock and hat to match. Even the babies had their place in the style show this year and as a section of one display window testified with its array of ducky little frilled net bonnets trimmed with a blue or pink ribbon rosebud.

Georgious lengths of fabrics were displayed in several of the stores selling yard goods.

Windows of house-furnishings drew the home-lover's eye and whole families window-shopped before the charmingly furnished rooms shown by the furniture stores.

Summer Furniture Shown. Summer blossomed in one furniture display window, where wicker porch and sun-room furniture was shown against a background of green. There were settees and chairs of graceful design in stick-willow and fiber all brilliant with color and gay with flowered cretonne cushions. An intriguing showing of lace curtains in another window displayed curtains with a flowering border on a cream lace ground that would give any home the spring-like touch.

Walnut bedroom suites and dining room suites were shown in exclusive carved designs and rugs with the oriental motif were displayed in the furniture store windows.

Cosmetic Jewelry Displayed. The jeweler, to keep up with fashion, are displaying costume jewelry, the matching choker, bracelet and earrings, in large sets, mostly in gold. The colors include amethyst, emeralds, topaz and crystal, and are worn with a matching costume.

Purses of silver, gold and brilliant and street purses to match the outfit were presented.

Druggists, confectioners and other merchants also have attractive window displays of Easter novelties.

Doled Out Two Dimes. "How many children have you," he inquired. Upon being told, two daughters, he dug into the pocket of his long trousers, and, pulling out a handful of dimes, doled out two shiny coins.

"With my blessings," he said as he gave them.

He showed his keen sense of humor as he surveyed his fistful of dimes, saying: "I made these up at my house last night."

BUS ROUTE PLAN IS WITHDRAWN

COLUMBUS, O., Mar. 14.—Stating that it had no desire to face the vigorous opposition which has developed, the Canton-East Liverpool Bus company today withdrew its petition asking for a change of route between those two cities. A hearing was to have been held on March 19.

JAIL INMATE HITS DEFENSE IN HORST CASE

Michael Millich Called To Stand Against Arnolds.

DAMAGING STORY

Father Gave "Instructions" to Son, Witness Tells Jury.

WOOSTER, O., March 14.—(I. N. S.)—I don't know what you wore that night—a hat, or cap. But remember, at the trial, if they ask you, you wore a hat."

That statement, according to Mike Millich, a prisoner who has been in the Wayne county jail, was made by Elias Arnold to his son, Arthur Arnold.

The Arnolds are on trial here, charged with the kidnaping of Melvin Horst, 4.

Millich made his damaging statement against the Arnolds when on the witness stand for the state this morning. He declared Elias Arnold was on the first floor of the jail. His son, Arthur, was on the second. But communication, the prisoner-witness averred, was possible when it was quiet and no jail official was "around."

The elder Arnold, on several occasions, gave "instructions" to Arthur, Millich testified, warning him "not to tell them anything."

PENN AVENUE JOB OPPOSED

East End Names Committee to File Protest.

Opposition to the proposed improvement of Pennsylvania avenue between the Garfield school and Dry Run Bridge, was expressed by property owners at a meeting in the East End Catholic club, Pennsylvania avenue, last night.

The Rev. Father John L. Maurer, pastor of the church, who presided, was instructed to appoint a committee to meet with council next Monday night to formally protest against the proposed repaving of the street.

The city was represented by Service-Safety Director J. W. Moore, Solicitor Frank Hoover, Engineer Philip Clapsaddle, Council President Charles Hayes and Councilmen Frost, Hughes, Altman, Ferguson and Fleming.

Resolution has already been passed by council and notices of the proposed improvement are being served on property holders.

CONDEMNED MAN BOWS TO JUDGE

NEW YORK, Mar. 14.—Frederick W. Edel, former convict and convicted murderer, bowed today to the judge who pronounced his death sentence. Judge Charles C. Nott, Jr., in the court of general session, sentenced him to die in the electric chair in the week of April 22 for the murder of Mrs. Emiline O. Harrington, an actress. He was arrested in St. Paul, Minn.

BUCKLEY FACES 30 MONTHS IN ATLANTA CELL

Former State Treasurer Is Also Fined \$1,000.

APPEAL PENDING

Sperber Gets Four Months in Hamilton County Jail.

By JOHN J. VINCENT, International News Service Staff Correspondent.

COLUMBUS, O., Mar. 14.—Former State Treasurer Bert B. Buckley was sentenced to serve two years, six months and one day in the Atlanta penitentiary and pay a fine of \$1,000 in federal court here late yesterday afternoon.

With an appeal pending in the U. S. Circuit Court of Appeals at Cincinnati, Buckley faced the "beginning of the end" today.

Joseph Sperber, Cincinnati brewmaster, self-confessed co-conspirator was sentenced to four months in the Hamilton county jail and was fined \$200.

Imposition of sentence was made by Federal Judge Benon W. Hough, who after meeting out the prison terms, allowed Buckley a stay of execution of sentence pending the higher court appeal.

Semi-Climax of Scandal. This marks the semi-climax of the famous Cincinnati "beer-brewery-bribery" scandal which resulted in the former state treasurer's conviction on conspiracy and attempted bribery charges.

Buckley faced a maximum prison term of 28 years and a fine of \$25,000, so it can be seen that Buckley drew a comparatively lenient sentence.

John L. Schrimper, Cincinnati attorney and former state legislator, who pleaded guilty to the same charges on which the ex-state official was found guilty by a jury of twelve men, was not sentenced yesterday because of the illness of his attorney. Judge Hough ordered the man brought before the court sometime during the next two weeks.

Specification was made by the judge that Buckley serve out his fine in the Montgomery county jail in default of payment.

Sentences Run Concurrently. Buckley would have been forced to serve nearly eight years in the federal penal institution if Judge Hough had not allowed the sentences on the four different counts to run concurrently. A two-year, six months and one day sentence was given the convicted man on the first count, a like sentence on the second count, and no prison term on the third to eighth counts inclusive. On the ninth count he was sentenced to 18 months and on the tenth count to one year and one day. As the sentences were allowed to run concurrently, the convicted would be brier will only have to serve two years, six months and a day behind the penitentiary walls.

The climax of the case will be reached when the appeal filed by Buckley is ruled upon. The appeal in reality is a petition in error asking the reversal of the lower court decision. If the petition is disallowed, Buckley will begin serving his sentence. If it is granted, it will mark the end of the notorious case. So today, while Buckley is at liberty under \$10,000 bond, he faces the "beginning of the end."

Sperber started serving his prison sentence today. He paid his fine immediately after being sentenced yesterday afternoon.

DEATH ROLL

Palmer Funeral Services. Funeral services for Mrs. Florence Palmer, 28, who died in the City hospital, will be held at 2 o'clock Saturday afternoon in her home, 710 Cadmus street, in charge of the Rev. W. H. Baker, pastor of the First Church of Christ. Burial will be made in Riverview cemetery.

Mrs. Palmer was a member of the Ladies of the G. A. R. and Auxiliary of the Sons of Veterans.

Londoners Dining Out. More women in London are dining out than ever before. One observer estimates that in the exclusive West End there are about 4,000 first-class diners nightly, with about 8,000 on Saturday. But for the women, he says, the number would be much smaller.

Major Segrave, who was on the beach at the time of the accident, waiting beside his record-breaking car, "The Golden Arrow," told International News Service today that he is through with high pressure automobile racing. He had planned to take to the beach for another try at the record in the event that Bible broke the mark he established on Monday.

White broke down and cried at the undertaking parlors. He announced that he had given "The Triple" to Murray Cribb, Macon, Ga., racer who is here, with the understanding that he sell it and give the proceeds to the widow, Mrs. Bible, and her daughter, Grace, 16.

Powerful, Penetrating Antiseptic Oil Heals Eczema and Other Skin Diseases

Must Give Results in 7 Days or Money Back, Say All Druggists.

Make up your mind today that you are going to give your skin a real chance to get well.

You've probably been like a lot of other people convinced that the only thing to use was an ointment or salve (some of them are very good) but in the big majority of cases these sticky salves simply clog the pores and the condition primarily remains the same.

Go to any good druggist today and get an original bottle of Moore's Emerald Oil.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your skin troubles will be a thing of the past.

Don't expect a single bottle to do it all at once but one bottle we know will show you beyond all question that you have at last discovered the way to restore your skin to perfect health.

Remember that Moore's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction of your money cheerfully refunded.

ONLY ONE ROAD TO SALVATION, IS WARNING

Rev. Harry Rodgers in
Church of God
Pulpit.

REVIVAL SERVICE

Harry Monigold Will
Sing at Meeting
Tonight.

There are many ways by which one may ultimately reach Chicago, but there is but one route that leads to heaven, asserted the Rev. Harry Rodgers, of Cambridge, at the Church of God evangelistic service last night. His subject was "The Way To Heaven."

Singing preceding the discourse was directed by Miss Estella Sproutman, of Kittanning, Pa., an evangelistic assistant. The choir sang "The Open Gate" and she herself the solo number, "All the Way to Calvary."

It was announced that Harry Monigold, choral director of the Second Christian church, would sing "The Way to Heaven" at tonight's services.

The Rev. Mr. Rodgers will speak tonight on "The Holy Spirit, the Heart Purpose for Believers."

The Rev. Mr. Rodgers averred that heaven was a prepared place for prepared people. "We must live Christ more than preaching Him," he said.

He quoted Paul: "We have a building of God, an house not made with hands, eternal in the heavens."

"Phillip asked the Christ how to get to heaven and was told, 'I am the way, the truth and the life,' he said.

"We are thus to walk in Christ's way to reach it. Do not make the path-

way crooked. There is but one way, not the several routes to Chicago. If there were other ways the Bible would have told us so. It is a one-way route and straight and narrow, but the way to destruction is wide and made for the many who travel thereon.

"Though mistakes may be made it is possible to travel this only way and finally reach our objective as Christians—heaven."

SELF-DENIAL, REVIVAL PLEA

Plan of Salvation Explained by Rev. S. E. West.

Christians must not go anywhere or be what would not be expected of Christ, the Rev. S. E. West, pastor, said at the Free Methodist church revival last night. "They should be a separate people."

Five persons went forward to the altar.

A delegation of visitors from Chester will be present at tonight's service, it was announced.

"If any man will come after Me, let him deny himself, and take up his cross, and follow Me," Matt. 16:24, formed his text.

"The above were among the last words of the Christ to His disciples," the pastor said. "He was endeavoring to make the plan of salvation plain to them. And this requirement here stipulated is for all who would have salvation. None can hope to be a Christian and take any other course."

"Christ was a consistent teacher. He required not more of His followers than of Himself. The advice of some people is good, but the practice of their lives is different."

He said that Christ suggested a life of self-denial. "We must deny ourselves all needless self-indulgences; all sinful habits must be given up; we must change our pleasures. Christians must find new ones in keeping with that which they profess; there must be a separation from the world in all Christian lives."

He deprecated worldly adornment. "Christians must dress modestly and not as the world. We must deny ourselves and take up our individual crosses whatever they may be. We must acknowledge that we are God's people. It is even hard for some to pray and testify publicly. We must bear our crosses by choice and not by force."

"Our crosses must be for Christ. We must individually let others know we are following Christ. And we are to follow Christ. We can not go where He trod, but we can do as He did under the same circumstances."

"We must not follow the world or be what we would not expect the Christ to be or do."

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality.

The formula comes in every box, also the scientific reasons for results. So users have no fear of harm. Go learn now what Marmola does for excess fat, and why. Your druggist supplies it at \$1 per box. Take four tablets daily and watch the change.

Germans Travel in Diners.

With the abolishment of fourth-class travel on railways in Germany, and the increasing popularity of second and third-class accommodations, passengers have found a new way of making trips in comfort. They ride in the dining cars. So popular has become the custom that there has devel-

oped a dining-car-class travel. Rather than ride in crowded second or third-class compartments, passengers purchase third-class tickets and remain in the diners during the entire trip. The diners are more comfortable than the compartments, and have smoking and non-smoking salons. Purchase of

a sandwich or a drink at a moderate price entitles one to a seat.

Of approximately \$100,000,000 in property owned by the Salvation Army \$40,000,000 worth is in the United States and \$10,000,000 worth in Great Britain, where the organization started.

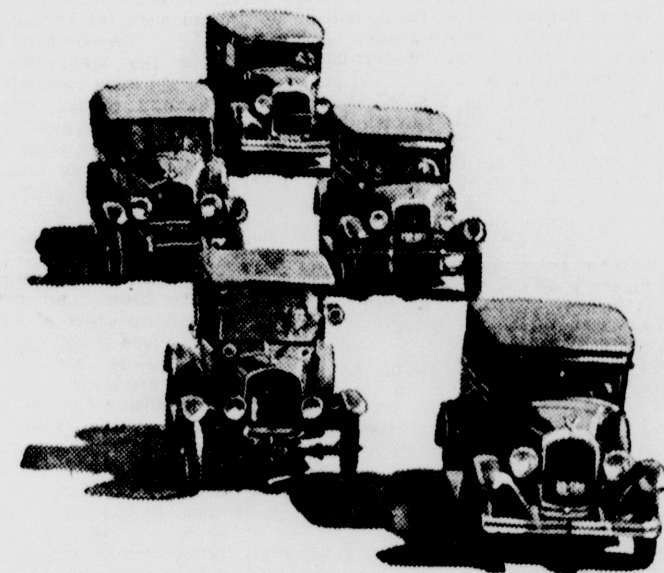

So heavy that it required two men to lift, Lady Hilton Young's statue, "The Stolen Baby," which has been exhibited at the Royal Academy, London, was recently stolen from her gallery at Baywater, England, and no trace of the thieves was left.

You can Drive FARTHER

Without Removing CARBON

New Process makes SOHIO burn clean, deposit less carbon

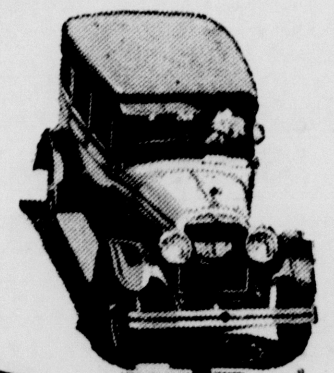

THERE ARE TWO REASONS why you can drive farther on SOHIO Ethyl Gasoline before removing carbon. First, it is made by our unique new refining process which removes from this unblended highest gasoline all elements undesirable in a motor fuel. Its extra purity and extra volatility means that it burns up clean and does not deposit carbon rapidly. Second, Ethyl added to this new and better gasoline offsets the tendency of a motor to knock even when carbon does accumulate. Try SOHIO Ethyl Gasoline in your car. Note how far you can drive it before carbon removal becomes necessary. You can get it everywhere in Ohio at our 650 Service Stations and at dealers'.

One Spoonful Would Fill A Market Basket!

HERE IS a secret for the benefit of one's inner system. There is as much good to a single spoonful of plain pepsin as in a whole basket of fresh vegetables! You have heard how modern men and women are so important to health. Make this up with a little syrup pepsin, and watch appetite, assimilation, and elimination pick up! It ought to improve 100% a week, according to some doctors. Don't give up rich foods, or go on diet when this liquid vegetable cor-

rective can put stomach, liver, and bowels in condition to handle anything that's eaten! Without the sign of distress, or a fear of constipation. You don't have to purge yourself to keep the digestive tract all clean and sweet. A ten-day test of Dr. Caldwell's Syrup Pepsin will prove this. Children are healthier and happier, and elderly people have a far easier time where this ideal combination of laxative herbs and pure pepsin is fully appreciated.

Dr. Caldwell first used this innocent means of keeping the bowels free from accumulated waste back in 1875. Today, you couldn't find a druggist without this famous prescription, all put up and directions enclosed. Try it, and you'll know why!

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that's pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

WORLD'S TONIC IS THE GREAT SYSTEMIC TREATMENT FOR CATARRH

Pains in Stomach and Bowels, Weak Kidneys, Torpid Liver and Rheumatic Pains Often Indicate Catarrhal Poison Thruout the System.

World's Tonic Attacks Catarrhal Conditions Wherever They Are Located.

Whoever has catarrh of the head is constantly secreting catarrhal poisons that are being swallowed, contaminating the stomach and bowels and over-working the kidneys. Likewise, the air that is breathed is constantly passing over the terrible sores that catarrh eats in the air passages, thus carrying the infection into the bronchial tubes and lungs.

There are many authentic cases that show that serious stomach trouble was really a catarrhal condition induced by contamination of the catarrh of the head. Numerous cases are on record where serious lung trouble has been developed from catarrhal infection in the throat.

Rochester Centrals Nose Out Ceramics In Fast Finish, 41-40

Locals Close To Victory

Lead Changes Six Times In Wind-up Period.

THE Rochester Centrals of the American Professional Basketball circuit nosed out the East Liverpool Ceramics, 41 to 40, last night in the auditorium and that brief statement doesn't begin to tell the story of one of the most brilliant finishes that Potter fans have witnessed on this court during the current campaign.

Trailing at the end of the first half, 25 to 15, the Centrals went on a scoring rampage in the third period and brought the count up to 29-28, Rochester.

As field goals popped into the basket in that final period the lead switched no less than six times with the professionals holding a one-point advantage as the quarter ended.

Action in the final period was in direct contrast to the performance at the outset, which was slow and studied. Things warmed up in the third period and were at fever heat in the closing minutes.

Had the Ceramics been able to organize their forces sufficiently to pop in some of the shots they missed in the opening half, "Honey" Russell and his gang would have left town with a loss, chalked against their record.

Lippe and Smith assaulted the cords for five field goals apiece. Losman caged a pair while Percy Wyant, playing a bang-up game from beginning to end, strode through the defense for three of the two-point variety.

The Centrals were slightly handicapped by the absence of Center Bob Grody from the lineup. Grody suffered a bad gash above his right eye several nights ago and did not care to risk the wound in the exhibition tilt.

However, this fellow Kintzing who took his place did not fare so badly. Six field goals and two fouls for the big fellow could not be called a bad night's work.

"Honey" Russell bagged four while Lew Rabin, forward, sank three. The last of Rabin's three shots, however, meant plenty. He hoisted it from the corner with 20 seconds to go and the Ceramics leading, 40 to 39. The two points sent the Centrals into the lead and the remaining 20 seconds were insufficient to permit the Ceramics to maneuver into a scoring position.

Ex-Highs defeated the Brian Clothiers, 27 to 22, in a great semi-final engagement. Bobby Witherow of the Ex-High led the scoring with 14 points.

The Lorah Scholastics, featuring the playing of Nate Lorah himself, at still rugged, nosed out the Wooley, wild and woolly, Collegians, 22 to 12, in the opening preliminary.

The schedule follows:
Seventh Grade.
Central vs. Maplewood.
Sixth Street No. 2 vs. Horace Mann No. 1.

Eighth Grade.
Central No. 1 vs. Garfield.
Horace Mann No. 2 vs. Washington.

The opening game will start at 7 o'clock and the halves will be sandwiched to speed up play.

FINALIST IN PENNSY BOUTS HERE

Fireman Stanley Simmons of Pittsburgh, heavyweight boxing champion of the Pennsylvania Railroad for the past three years, is scheduled to box the wind-up at the Pennsylvania championships to be held in the new Public Auditorium at East Liverpool, O., March 23.

Simmons is one of the flashiest boxers in his weight in western Pennsylvania. His manager, "Red" Mason, is now seeking a match for him with "Sandy" Seifert for the heavyweight championship of Pittsburgh.

Simmons holds a newspaper decision over Johnny Risko, the Cleveland baker boy who has been the stumbling block in the path of a number of leading heavyweights aspiring to the title. Simmons also fought James J. Braddock, the sensational light heavyweight of Jersey City.

Welterweights In Limelight At F. O. E. Mitt Show Monday

Teddy Welch and Jack McCarthy Top Off Bill In Eight-rounder; Mitchell Matched With Tube City Scrapper.

THE welterweights, usually producers of action in the roped arena, are featured in every scrap save one on the F. O. E. card which Matchmaker Homer Wyands is lining up for the entertainment of local fight followers Monday night.

The schedule is topped off by an eight-round set between Teddy Welch, an old favorite here, and Jack McCarthy, who are scrapping at 142 pounds. This event is billed for eight rounds but it is doubtful if it will go the limit with a couple of punches such as this pair hammering at each other's mugs.

Patsy Gallagher, of Pittsburgh, who has tossed the leather on previous occasions in the local ring, will kick up the action when he tangles with Young Angelo, Swissvale, in the six-round semi-final. This pair will weigh in at 120 pounds, the only scrappers on the bill who are not listed among the welterweights.

Young Angelo recently dented Frankie Porto's profile which would not seem to forecast a pleasant evening for Gallagher.

Wyands will introduce another new glove welder to the local ringside habitues in Jess Hoak, flashy McKeesport youngster, who will take on Ray Mitchell, East Liverpool welterweight, in a four-rounder. Four rounds may seem a short distance in this bout but it may be long enough for either or both of them.

Bobby Waldo, New Kensington, and Jimmy Duffy, Charleroi, will make their bows to Potteristic enthusiasts in the opening four-round session. This pair recently captured McKeesport's fancy in a semi-final in the Tube City.

Al Watson will be the referee. Tickets are on sale at the Eagles lodge.

Byron Foutts, Midland, Pa., manager of Jack Zivie, Harry Morris, and several other boxers, takes his pen in hand, and it must be said he is very prompt about it, too, to answer the missive directed to him and Morris yesterday by Bobby Lehrman, Midland, manager of Nick Caruso. Lehrman, in his note to Foutts yesterday, did not send love and kisses, and Byron, oddly enough, neglected this little formality in his return note. These letter writers should consult Emily Post, the etiquette shark.

However, Mons. Lehrman's letter spoke for itself yesterday and so Herr Foutts' communique can do the same today. It's all about the Caruso-

Morris feud. They've fought twice. The first was a draw. The second was awarded to Morris. Senior Lehrman challenges Morris for a fight in "a neutral ring with a neutral referee on a winner-take-all basis. Hombre Foutts speaks as follows:

"In answer to Bobby Lehrman's letter I wish to say that as far as I am concerned the Morris-Caruso feud is over. Morris demonstrated he is Caruso's master and that is eminently satisfactory, or should be, for all concerned.

"The issue I want to settle is the Frankie Porto-Midlet Mike Moran feud. Although Porto gave him a terrible beating at Motor Square Garden, Pittsburgh, Moran received a draw at Washington, Pa., last summer when the judges wore their smoked glasses.

"Porto seems headed for the big money again after his brilliant showing against Pablo Blanco, the Cuban featherweight champion, at Massillon Tuesday night. Blanco had previously defeated Kid Chocolate at Cuba.

"Walter Taylor, the Cleveland promoter, witnessed this bout and told me he would rematch Blanco and Porto at Taylor bowl this summer. Matchmaker Homer Wyands of the Eagles is looking for an opponent for Porto April 1, and if Lehrman really wants Moran to meet Porto he may induce Wyands to put them on.

"After all his ballyhoo about Monte Sisko last summer he later admitted Porto would knock him out.

"Porto will meet Mike Moran at the featherweight limit, winner-take-all, with a neutral referee in the ring."

So, that's that!

And now, then, Mr. Abie Witz of Canonsburg, Pa., also drops a letter to announce that he has an up and coming stable of fighters ready for action at any time and any place.

He is featuring Young Smackey, the boy who smacked Al Reno, Youngstown, so thoroughly at Wellsville several weeks ago. He gives Smackey's record as follows: Joe Ferris, three rounds, K. O.; Billie Gore, six rounds, decision; Ike Hawley, six rounds, decision; Rice Delarso, six rounds, decision; Ike Hawley again, six rounds, decision; Stan Bryner, three rounds, K. O.; Andy Radd, two rounds, K. O.; Al Waldeck, six rounds, draw; Tommy Hellman, six rounds, lost; Jimmy Mason, three rounds, foul; Al Reno, three rounds, K. O.; Tommy Hellman, six rounds, decision; Mike Hogan, three rounds, K. O.; Tony Tatola, eight rounds, decision; Young Milligan, three rounds, K. O.; Joe Rabonick, eight rounds, decision.

Witz also has Nat Littin, American amateur champion in 1928, 112, and Jack Griffith, who has boxed George Gissy twice, Rine, and other boys. He is a lightweight.

Young Danny and Nick Caruso of Midland appear on a card planned Monday night in Washington, Pa., at the Gardens A. C.

The lineup follows:
Main bout of eight rounds—Terry Lingo of Columbus, O., vs. Ray Newton of Mansfield O. (135 pounds).

Semi-final of six rounds—Johnny Smacker of Canonsburg vs. Young Danny of Midland (135 pounds).

Third preliminary of six rounds—Eddie Anderson of Scottsdale vs. Gene Doyle of Mansfield, O. (145 pounds).

Second preliminary of six rounds—Harry Spencer of Washington vs. Jimmy Marlow of Aliquippa (155 pounds).

First preliminary of four rounds—Young Andy Radd of Donora vs. Nick Caruso of Midland (133 pounds).

Leach to Bat Sixth.
SAN ANTONIO, Tex., March 14.—John McGraw announces that Fred Leach, the outfielder obtained from the Phillies, will bat in sixth place in the lineup of the Giants this season, behind Bill Terry. He believes the pair will form the hardest-hitting two-man combination in the league.

In Training Camps

BRADENTON, Fla., March 14.—The Red Sox were not a bit discouraged over their one-sided 13 to 3 defeat at the hands of the St. Louis Cardinals.

The boys felt confident that with big Ed Morris, Jack Russell and Charles Ruffing doing the twirling, they would score their first big league win by defeating the Cincinnati Reds today.

Yankees Assault Braves.

ST. PETERSBURG, Fla., March 14.—Babe Ruth and the Yankees assault the Braves again this afternoon at Water Front park.

The tribe must find a little punch somewhere to collect any of these games.

Tiger Regulars Win.

PHOENIX, Ariz., March 14.—The Tiger regulars were one up on the Cubs in the third of their five-game practice series today after winning their second practice tilt 8 to 1 yesterday. Saturday and Sunday will finish the series and on Sunday night, 24 of the Tiger-men will entrain with Bucky Harris for California for a series of games at San Diego, Santa Anna and Los Angeles.

Cubs Off to Mainland.

AVALON, Cal., March 14.—The Cubs were to say farewell to their Catalina training camp today when they set sail for the mainland to begin their exhibition tour preparatory to opening the championship season. The first series will be against their "little brothers"—the Los Angeles. Yesterday the Avalons won the last intra-camp game 5 to 4.

Kamm Hits Homer.

DALLAS, Tex., March 14.—A scheduled White Sox exhibition game today at McKinley, the home of George Cox, was postponed until next Thursday because the town is largely under water. The Sox laced the Dallas Steers again here yesterday, Willie Kamm's home run being the feature. The score was 10 to 4.

Rain Checks Tribe Drills.

NEW ORLEANS, March 14.—A game between the regulars and the would-be regulars was on today's program for the Cleveland Indians. Rain again marred yesterday's practice for the second day in succession. The Indians, at the direction of Manager Peckinpaugh, worked out between showers, the session consisting chiefly on arm exercise.

Yank Rookie Beats Braves.

ST. PETERSBURG, March 14.—Gordon Rhodes, Yankee pitching recruit from Hollywood, has come through his first major test with flying colors. He held the Boston Braves to one hit in five innings yesterday, the Yankees winning 6 to 3.

Robby Pleads for Vance.

CLEARWATER, Fla., March 14.—Manager Wilbert Robinson has again urged the officials of the Brooklyn club to meet Dazzy Vance's demand for a \$25,000 salary, which is \$2,500 more than he has been offered. The rotund pilot admits the team cannot get along without the services of the strikeout king.

PLAY-OFF GAMES ON "Y" COURT

Two play-off games in the Sunday school circuit are scheduled tonight at the Y. M. C. A.

Lutherans and Chester tangle at 8:15 for second place. M. P. and M. E. (A) faces clashes next for fourth place.

Meeting of league representatives will be held at 7:15.

French Tennis T.S.T. Defeats Star Here For Katies, 47-24, Indoor Meet In Loop Game

Borotra Favorite to Take Yanks' Last Net Title. Collegians are Victors Over Wellsville Quint.

By DAVIS J. WALSH
NEW YORK, Mar. 14.—Down at the absolute bottom of today's list of pairings for the national indoor singles championships, starting on Saturday, is found the name, J. Borotra, just one entry among seventy-four. And maybe I don't see why the matter should be mentioned, either, except that this is the name that will be up at the top when they pay off late next week. It means, they will tell you, that France has sent another ambassador to the court of St. Lawrence, patron saint of international tennis. It actually means that France, having cut off our gas and water, has sent a man around to take the piano.

The indoor tennis championship may not amount to much but, when a dime is your total fortune, a dollar is affluence. In recent years France has successfully taken over our dominance of the national singles of turf, the Davis cup series and the Wimbledon all comers' event.

A French team has kept the Davis cup aboard, besides driving us right out of the Wimbledon finals altogether. In the midst of all this excitement, it must have forgotten the indoor championships last year, for it failed to send an ambassador and somehow we managed to beat up very bravely without him.

However, it was in this indoor event several years back that Borotra and Lacoste first discovered that they could push William Tilden around, ad lib, and with marked freedom, the result being that each won the title in successive years. One of them is back again now and this time he finds American tennis with its hair all out of curl.

Tilden seems to be out of circulation; Van Ryn, who beat William recently, is not entered in the event; neither Lott nor Hennessey go for the indoor game and William "Junior" Coen is abroad. This leaves Francis T. Hunter as the lone American capable of really taking issue with the invader and Hunter, never quite at ease on indoor courts, has been playing a lot of tournament tennis outdoors in Florida. This would seem to give Hunter hardly a white man's chance, unless Borotra happens to be off. Hunter will beat any man anywhere who doesn't happen to be distinctly "on." The French seldom go to bat unless they are "on," however.

Plan Net Tourneys For "Kids"

M. E. Church' Cage Boosters to Sponsor Twin Meets.

ROBERT E. BOYCE, an executive of the Sunday School Basketball circuit which has operated successfully here for several years, today announced plans for two basketball tournaments for youngsters to be staged in the First Methodist Episcopal church the latter part of the month.

One will be a junior tourney, the other an intermediate.

The junior division will include players from 10 to 14 years of age, the intermediate, 14 to 17 years of age. The junior entry fee will be 50 cents for each player, the intermediate fee 10 cents a player. The money thus procured will be used to purchase trophies.

Names of members of each team entering must be filed with Boyce or other tourney officials not later than March 22. On this date a meeting of managers of all teams entered will be held at 7 p. m. in the church gymnasium.

Tentative dates for the tournaments are March 25 and 26, the games to be played after school and night. The schedule will be posted following the meeting Friday, March 22.

Tourney rules will bar members of the varsity high school team.

Committee in charge of the tourney plans includes William T. McNatt, James Cook, James Turner, John Hawkins and Herman Babb. Boyce is director.

By Arnold Bennett

"Of course, you know Lady Furber?" Harriet suggested.

"There's not much 'of course' about it," said the Honorable Luke. "Furber's a rather independent sort of a fellow, and he has his own rooms in their house in Belgrave Square; so that even if I go there, which I don't often, I needn't necessarily see her. Still, I do know her."

"Well," said Harriet, "it doesn't really make any difference whether you know her or not. But she's a great friend of mine—an old friend."

"That's very odd."

"Why is it odd? Anything the matter with Lady Furber, or with me?"

"It's odd because she isn't your class at all. She's his class. His cousin, I think. And only a few years ago she was living in the provinces—Five Towns—Council School teacher or something. So I was wondering how she could be such an old friend of yours. I swear she couldn't have met anybody like you before she came to London."

"And what class d'you suppose I belong to?"

"Same as mine. The old High-and-Dry. County seats, Tory. Ruined by death duties, the war and super-tax."

"You're not far out," said Harriet. "Except that I'm not quite ruined."

"Well, that's where you've got the pull over me. My lot were quite ruined—and no mistake about it. So I look service under the new laws."

Harriet proceeded:

"Moreover, I haven't had a great deal to do with my class for years. I've been traveling—alone. When I was living in Paris, I don't remember exactly how long since, there was a party of teachers from the Five Towns on one of those cheap excursions—you know, 'a week in Paris, 6 guineas, inclusive.' And I was asked to give up one day to showing them around. Some of those excursions are rather well managed. Ahem! It was then that I met Lady Furber. But of course she wasn't Lady Furber then, and never expected to be, either. I needn't tell you all the details; but we became great friends. It isn't that I see her very often; I don't; only we're always corresponding. You may believe me she's no ordinary woman."

"I do believe you," said the Honorable Luke. "No ordinary sort of girl would have married him."

"But she was tremendously in love with him."

"Yes, I dare say."

"And he was with her."

"Was he?"

"Yes, he was. And there was the baby."

"Then she had two children—the baby was one and he was the other."

"Quite. Well, they've had a terrific quarrel. Of course this is strictly private."

"It isn't what I should call strictly private," said the Honorable Luke.

"I knew about it. At least I heard about it. We all heard about it. They were always having shindies. But this last one was about ten sizes larger than usual."

"And I suppose you know the cause of it?"

"No, I don't. I doubt if any one does—really. If you understand me, do you?"

"You mean they don't quite know themselves? One cause as good as another?"

"Something like that. They're of the same blood. She's fiery. He must have been hopelessly spoiled long before he'd any idea of marrying either her or anybody else. Both as proud as the devil. Ding-dong. That's what it's been, all through, you may bet your life. The cause, whatever it is, isn't a cause—it's only the occasion."

"Yes," Harriet thoughtfully murmured. She was thoughtful, not by reason of her concern for Madeline Furber, but by reason of the grasp which the Honorable Luke showed of the fundamentals of human nature. She had not guessed that the timid and ferocious boy had in him such wisdom.

"I suppose you haven't heard the cause?" Luke demanded negligently.

"If I had, do you think I should be asking you, my young friend," Harriet replied. "I haven't had even a glimpse of her for over a year. But I can promise you this. You're going to witness the most superb scrap of all your career as secretary to a volcano. . . . I mean, you mayn't actually witness it; but you'll feel the effects of it. We all shall."

"Here?"

"Yes. Here."

"In the yacht?"

"Probably. Lady Furber has just arrived in Monte Carlo. She's staying at the Hotel de Paris, and I shall see her tonight—while you wait for me in the car."

"You've seen her already, then?"

"No."

"You've heard from her?"

"Not a line."

"Then how d'you know she's here?"

"I was told."

"Does Lord Furber know?"

"He certainly does not. If he did he wouldn't be amusing himself at the club this moment."

"Does Sutherland know?"

"Nor him, either."

"Why has Lady F. come to Monte Carlo just now?"

"Because of the scandal in the London papers about the yacht."

"Scandal?"

"Haven't you heard?"

"Not a syllable."

"And yet you're supposed to be a private secretary! My poor friend, what have you been doing to let yourself be kept in the dark like this? Surely you owe it to your self-respect to be aware of every mortal thing about your soda-water bottle of an employer! And Harriet informed him of the enormous gaffe perpetrated by Mr. Robbinston, and the journalistic performances thereafter of the rival Evening Telegraph. "You now have in front of you nearly all the raw material of the thunderstorm that will soon be breaking over our unprotected heads," she added.

"There's another point," said the Honorable Luke. "What? Haven't you finished cross-examining me yet?"

"No. I haven't. I want to know this. You say you're an old friend of Lady Furber's. Then how is it that Lord Furber hasn't recognized you—I feel sure he hasn't."

"Of course, he hasn't. But then, you understand, he'd never met me before."

"But he must have heard his wife talking about you. After all, they aren't always quarreling—not by any means. I've seen them myself on the most affectionate turtle-dove terms. He must have known your name at least."

"How insufferable you are with your disgusting suspicions!" Harriet exclaimed. "I'm not in the witness box, and you aren't a K. C. Any one would think you wouldn't believe a word I said until it was proved to be true." Then she laughed. "Still, I'll tell you, though you're as big a bully as Lord Furber himself. I got a new name at the beginning of last year. A cousin of mine left me the whole of her fortune on the condition I changed my name to hers. She was extremely rich—until about a year before she died. Then she lost most of her money—not that I knew! So that she only left about 60 pounds a year."

"And did you change your name for a rotten 60 pounds per annum?"

"Sixty pounds isn't rotten. Six pounds wouldn't be rotten. No money is rotten." Some heat here in Harriet's tone. "Besides, the poor old thing fully meant to be generous. I think it would have been dreadfully mean of me to refuse her merely because she'd been done in by investments agents, when she was too old to look after herself. And what's more I enjoyed changing my name. A new name gives you a new outlook. And you have to learn to answer to a new name—that's good exercise for the brain. I call my new name my 'hotel name.' Has Your Highness any objection?"

"How like a woman!" said the Honorable Luke superciliously.

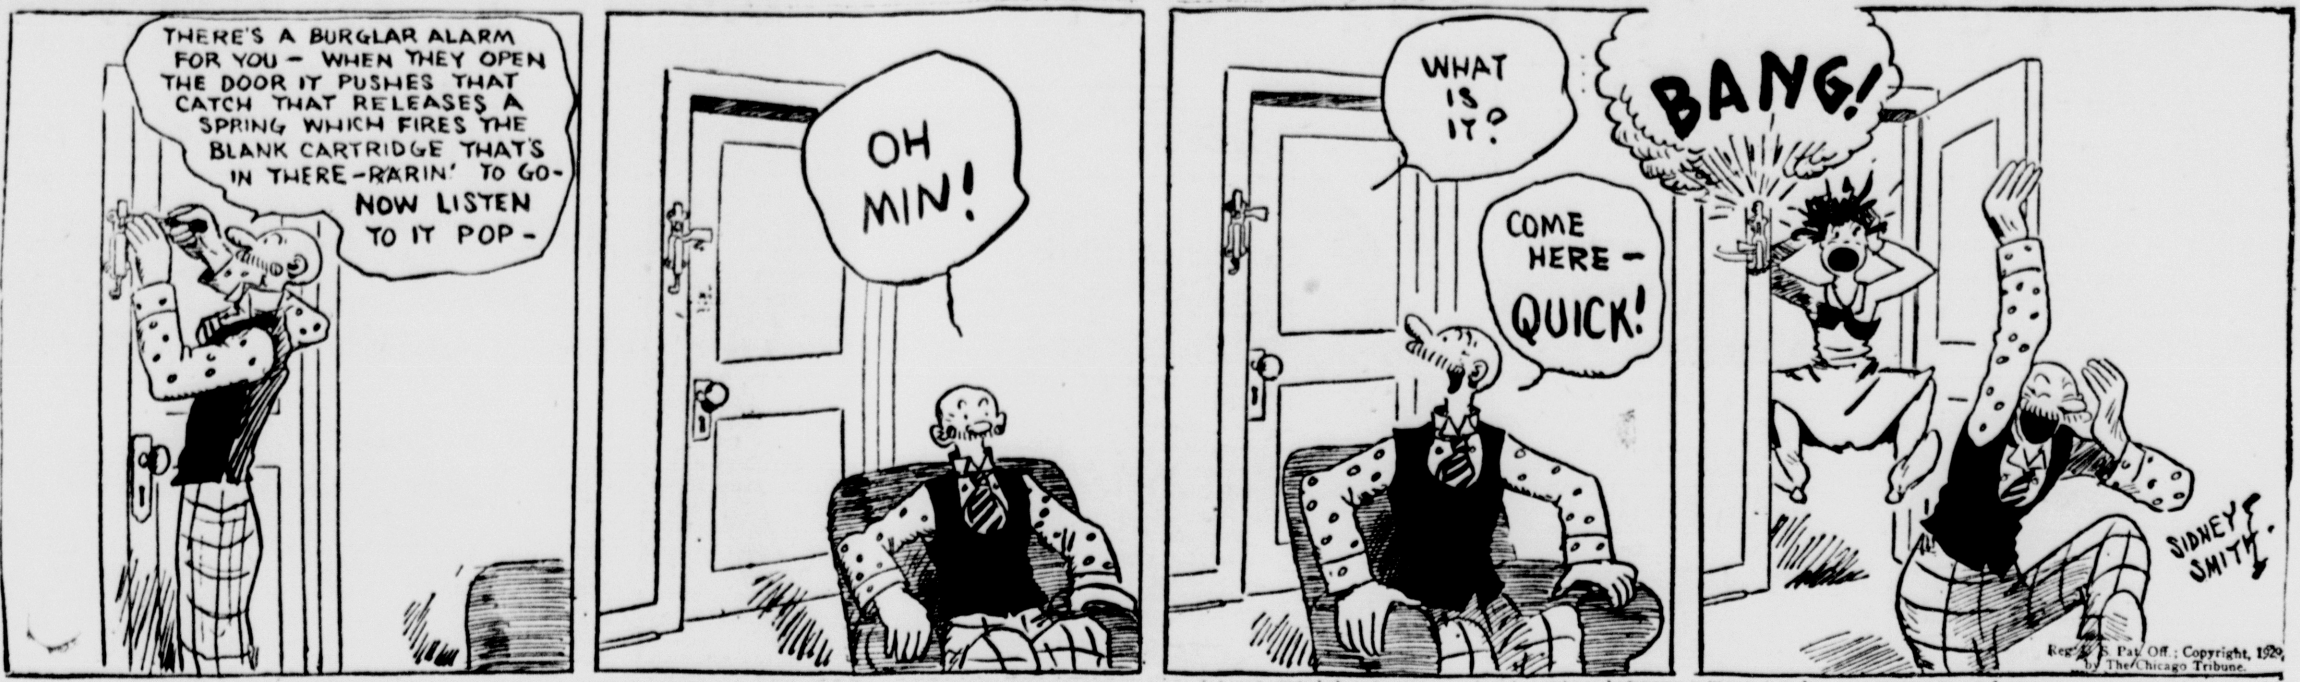

"Oh?"

"Hasn't it occurred to you that you're in the yacht on false pretences?"

"Indeed I'm not in the yacht on false pretences."

NOVEL NEWSPAPER PLAN IN EFFECT

LAGRANGE, Ind.—A novel idea in weekly newspaper publication is being tried in this city.

The LAGRANGE News, a Democratic organ, and the LAGRANGE Standard, a Republican newspaper, have consolidated their plants so far as their mechanical and business operations are concerned.

Both papers, however, will be continued as organs of their political parties and each editor will have a free hand in voicing his principles in his paper.

CAPITOL STEPS TO BE REMOVED

ALBANY, N. Y.—The famous stone staircase at the front of the Capitol here, the numerical potency of whose steps made it more ornamental than useful is to be removed and a new facade constructed.

Plans to this effect are now in the architectural stage, and actual demolition or removal of the steps will be started within six months, Superintendent of Public Works, Col. Frederick S. Greene has announced.

Stomach Distress Often Is Inflamed Gall Bladder

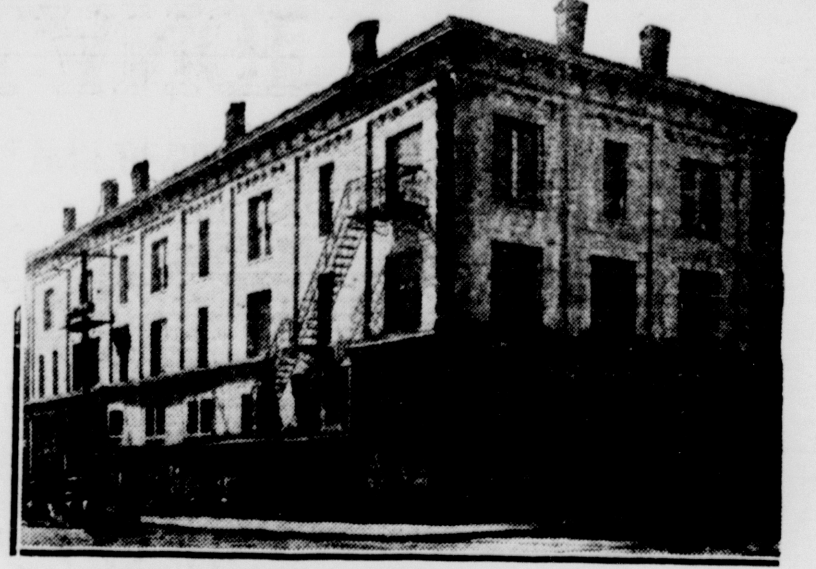

Pains in right side, biliousness, dizziness, sick headache, constipation and gas on stomach warn you of gall bladder trouble. You may think it only stomach distress, but it is a lazy liver, thickened bile, an inflamed gall bladder and intestinal poisoning. This condition leads to gall stones.

About the quickest, best relief is the simple home treatment called Klax-Ko. It is a scientific medicine designed to stimulate the liver, start the flow of bile, empty the gall bladder and free it of the salt formations which cause gall stones. The intestinal tract is cleansed, constipation and diarrhea overcome and the pains and distressing symptoms quickly leave. Within 3 to 5 days you feel better and many cases get complete relief in 30 days.

Go to Carnahan's Drug company or any good druggist and get a box of Klax-Ko tablets. Guaranteed to give joyful or money refunded.—Adv.

Again?

Men don't understand; and some women are so helpless. Each month they suffer untold pain, though those times could be entirely painless. Midol makes the natural process of menstruation an incident; yes, even for those who have always experienced acute and prolonged suffering! Try Midol; anticipate your time and avoid all misery or even discomfort. Or take it when the pain is at its height, and feel at ease in five to seven minutes. Midol is not a narcotic; acts directly on organs affected. Fifty cents, aluminum case.*

*Midol's comfort is not confined to any certain days or age. It relieves at any time of life. Its use is felt immediately in cases of nervous headache, backache, cramping, hot flashes and all febrile pain peculiar to women.
